DEPARTMENT POLICY

Medicaid (MA)

General lists of MA covered services are located at the end of this item; see EXHIBIT I.

In this item MA includes MAGI-related and SSI-related beneficiaries.

CHOICE OF PROVIDERS

Reimbursement for services rendered is limited to enrolled providers except for emergencies.

HEALTH PLANS

Health plans provide Medicaid-covered health care services for an enrolled group of beneficiaries in a defined service area.

MICHIGAN PHARMACEUTICAL BEST PRACTICES

MA

MDHHS has contracted with Magellan Medicaid Administration, Inc. to be the pharmacy benefits manager for its fee-for-service health programs and pregnancy-related pharmacy services for Maternity Outpatient Medical Services (MOMS) beneficiaries. The pharmacy benefits manager is responsible for all of the following:

- Prior authorizing certain drugs.
- Processing pharmacy claims.
- Approving payment to pharmacies.
- Other administrative functions to ensure that appropriate payments are being made.

Magellan Medicaid Administration, Inc. does not prior authorize or pay claims for Medicaid contracted health plans.

HEALTHY KIDS DENTAL

MA

MDHHS has contracted with Delta Dental Plan of Michigan to be the fiscal administrator. Delta Dental Plan administers the Medicaid dental benefit to all Medicaid beneficiaries under age 21.

The dental services provided through Delta Dental Plan are the same dental services provided through fee-for-service Medicaid.

Healthy Kids Dental is not limited to persons receiving MA under Children Under 19 (U19). It is for all MA beneficiaries under age 21.

Beneficiaries must see a dentist that participates with Delta Dental. Beneficiaries may call Delta Dental’s customer service with questions at 1-800-482-8915.

Beneficiaries must use their Social Security number (SSN) when calling Delta Dental. If a beneficiary does not have an SSN, a 9 is added to the beginning of the MA beneficiary ID number to resemble an SSN. Beneficiaries may access Customer Service using the modified MA beneficiary ID number as the SSN identifier.

Enrollment

Enrollment in Healthy Kids Dental is automatic based on the beneficiary’s age. Beneficiaries do not choose a plan.

Enrollment in Delta Dental is done monthly.

ID Cards

In addition to the MI health card, Healthy Kids Dental beneficiaries will receive a Delta Dental card. If the card is lost the beneficiary must call Delta Dental at 1-800-482-8915 to request a replacement card. The beneficiary’s SSN is on the card, not the MA beneficiary ID number.

Retroactive Enrollment

Enrollment in Healthy Kids Dental is not retroactive even if MA coverage goes back to the beginning of a month (or earlier). Enrollment is prospective.
If a beneficiary’s MA is opened in the middle of the month, the beneficiary’s Healthy Kids Dental will begin on the 1st of the month the eligibility transaction is received.

**Covered Dental Services**

Healthy Kids Dental provides services that are applicable to persons under age 21. These services include:

- X-rays.
- Cavity fillings.
- Extractions.
- Teeth cleanings.
- Root canals.
- Sealants and fluoride treatment.
- Examinations.
- Dentures.

The scope of these services is the same as for fee-for-service MA.

**MEDICAID VERIFICATION OF BRIDGES INFORMATION**

**MA**

Sometimes the health plan or Delta Dental Plan may have different information about the recipient than what is in Bridges. In those instances, the health plan or Delta Dental Plan will send a MDCH-2010, Verification of Bridges Information Medicaid Beneficiaries, with the information they have on file for the beneficiary.

The health plan or Delta Dental will enter the information and indicate what information they have received that is different. They will also indicate how the information was received (that is by: beneficiary, returned mail, provider) and attach supporting documentation, if available.

Review the information from the health plan or Delta Dental Plan, take appropriate action and respond in Section 4 of the MDCH-2010. Return the form to the health plan or Delta Dental Plan address in Section 2.
MA

State and federal regulations require the Medicaid program to conduct benefit utilization reviews to ensure the medically necessary services are being provided to program beneficiaries. The Benefit Monitoring Program (BMP) is in place to monitor program usage and to identify beneficiaries who may be over-utilizing and/or misusing their Medicaid services and benefits.

While in the BMP beneficiaries may be assigned to one or more provider through which they can obtain medical services.

EPSDT/WELL CHILD PROGRAM

MA

The Early Periodic Screening Diagnosis Treatment Program (EPSDT) Well Child Program consists of well-child visits, immunizations and early detection and treatment of diseases for beneficiaries under age 21. The objective of this preventive health care is early intervention to detect and treat mental or physical disease.

The same components of a well-child visit and the same interval schedule are used regardless of whether the child is in a health plan or is fee-for-service.

MDCH Publication (795), Michigan Free Health Check-ups for persons 21 and younger, explains the well-child visits.

MEDICAL SERVICES PROVIDER POLICIES

MA

Local office staff is not expected to be the beneficiary’s primary source of information for covered services. The providers of medical services are best equipped to determine medical needs and whether those services are covered by MA as specified in the MA provider manuals.

Some basic guidelines:

- The provider is required to bill all other insurances prior to billing MA.
- Providers must be appropriately licensed and/or certified before entering into an agreement with MDHHS to participate in the MA program.
- Enrolled providers receive direct payment for services rendered but must agree to provide services according to the policies published in the MA provider manuals.
- Certain medical/dental services require the provider to obtain prior approval from MDHHS; see the Medicaid Provider Manual for co-pay information.
- The provider is required to accept payments received from MA as payment in full, except for patient-pay amounts authorized by MDHHS and co-payments.
- The provider may seek payment from a beneficiary for services not covered if the beneficiary elects to receive the services with the prior knowledge that such services are not covered.
- Institutional and nursing home providers holding a beneficiary’s funds in trust are accountable to the beneficiary and may not require the deposit of such funds with the facility. The management of such funds is subject to review by MDHHS.

Local offices may obtain more information on medical/dental care coverage by consulting the MA provider manuals or contacting MDHHS at:

Michigan Department of Health and Human Services Provider Inquiry
MEDICAL/DENTAL SERVICES IN ANOTHER STATE

MA

A Michigan MA beneficiary may receive medical/dental care outside of Michigan. The areas beyond the Michigan borders are classified as either borderland or beyond borderland. Borderland and beyond borderland providers must comply with applicable Michigan MA policies and procedures, including prior authorization, to be reimbursed for services.

Borderland Areas

The borderland areas are the out-of-Michigan counties which are adjacent to the Michigan border and certain cities beyond these adjacent counties. The specific counties and cities which are borderland areas are:
A beneficiary is covered for medical/dental services rendered in a borderland area to the same extent that such services are covered in Michigan.

Borderland providers are considered to be Michigan providers. They must be enrolled in Michigan Medicaid and adhere to the same policies as Michigan providers.

### Beyond Borderland Areas

The beyond borderland areas are all areas of the U.S. outside of Michigan which are not borderland areas.

Beyond borderland medical/dental services received by a Michigan MA beneficiary will be covered only when:

- The beneficiary is temporarily out-of-state and the services are necessary because the individual's health would be endangered if travel to Michigan was required.

Certain services provided by borderland providers require prior authorization the same as services requiring prior authorization by Michigan providers.

Except in emergencies, the services of a beyond borderland provider must be prior authorized. The beneficiary's local physician should submit the following to MDHHS:

- Documentation of the need for beyond borderland services.
- Beneficiary identification.
- Eligibility data.

The address to submit the above information is:

Reimbursement for services not paid by Medicaid is between the beneficiary and the provider. The provider must notify the beneficiary prior to rendering the service that it is not covered by Medicaid.

Notice to Beneficiaries Who Have Private HMO Insurance

Our records show that the beneficiaries listed above have private HMO insurance. When you have private HMO insurance, you cannot be in a health plan. You will still have regular Medicaid. Your private HMO insurance always pays for medical services first. Medicaid pays after your private HMO has paid their part.

Co-payments
When you have regular Medicaid, you may have more co-payments or higher co-payments than charged by your health plan. Your providers will tell you about any co-payments.

Transportation
If you do not have a way to get to a doctor visit, call your local office of Michigan Department of Health and Human Services (MDHHS). They can help you get a ride. Unless you have an emergency, you must call before you need a ride.

mihealth ID Card
Remember to take your “mihealth” card and your private HMO card to show your providers when you go for an appointment or service.

myHealthButton® and myHealthPortal
Need to report changes to your private HMO Insurance? MDHHS has apps that can help!
myHealthButton® and myHealthPortal are free apps that give you access to your healthcare information:

- myHealthButton® is for your smart phone
- myHealthPortal is for your home computer or laptop

Through either app, you can:

- report changes to your private HMO insurance information
- have an electronic copy of your mihealth card
- and much more!

For more information about these apps and instructions on how to register, visit www.michigan.gov/myhealthportal.

Questions
If you have questions about these changes, call the Beneficiary Help Line at 1-800-642-3195. Enclosed is a handbook explaining your rights and responsibilities with regular Medicaid.
