**JUVENILE
GUARDIANSHIP
UNDER THE
JUVENILE CODE****STATE LAW****2008 PA 200 [MCL
712A.19a]**

This act amended the juvenile code to permit the court to appoint a guardian at a permanency planning hearing in lieu of terminating parental rights or returning the child home; requires the court to order the Michigan Department of Health and Human Services (MDHHS) to conduct a criminal record check and central registry clearance within 7 days and a home study within 30 days, if a child is placed in a guardian's or proposed guardian's home; requires the court to review a guardianship for a child annually; and requires the court to terminate or revoke a guardianship if it is found that continuation of the guardianship is not in the child's best interest.

**2008 PA 202 [MCL
712A.19]**

This act amended the Juvenile Code to allow MDHHS to implement concurrent planning. Concurrent planning includes working toward family reunification while at the same time establishing an alternative permanency plan to place a child for adoption or with a legal guardian, including identifying appropriate in-state or out-of-state options in case the child cannot be returned home safely.

**2008 PA 203 [MCL
712A.19c]**

This act amended the Juvenile Code to permit the court to appoint a guardian for a child who remains in placement following the termination of parental rights, if the court determines that such an appointment is in the best interest of the child. The court may not appoint a guardian for a state ward without the written consent of the Michigan Children's Institute (MCI) superintendent. The procedures for implementing a guardianship for a state ward are the same as those required under MCL 712A.19a, except that consent must be obtained from the MCI superintendent.

**2008 PA 260 [MCL
722.871 *et seq.*]**

This act created the subsidized guardianship assistance act in Michigan, which allows MDHHS only to pay assistance payments to caretakers who are appointed as juvenile guardians of foster children.

**2009 PA 15 [MCL
722.871 *et seq.*]**

This act amended the Guardianship Assistance Act, MCL 722.871 *et seq.* to define the eligibility requirements for Michigan to utilize federal reimbursements for title IV-E eligible children.

**2015 PA 227 [MCL
722.871 *et seq.*]**

This act amended the Guardianship Assistance Act, MCL 722.871 *et seq.*, to authorize MDHHS to pay guardianship assistance to a successor guardian, if the successor guardian was appointed due to the death or incapacitation of the preceding guardian, a guardianship assistance agreement was in effect for the child before the appointment of the successor guardian, and other eligibility requirements are met.

FEDERAL LAW**PL 105-89**

The Adoption and Safe Families Act (ASFA) of 1997 amends Part B and Part E of the Social Security Act [42 USC 620-679]. The basic premise of the law is that safety, permanency and child well-being must be the major concerns of child welfare agencies. The act:

- Redefines when reasonable efforts to reunify a family must be made.
- Requires criminal history record checks for prospective foster and adoptive parents.
- Prohibits placement of children with foster or adoptive parents convicted of certain felonies.
- Requires documentation of efforts to place a child in an adoptive or other permanent home.

**PL 109-248 [42
USC 16901 *et seq.*]**

The Adam Walsh Child Protection and Safety Act of 2006, [42 USC 16901 *et seq.*] requires states to have procedures in place to conduct criminal background and central registry checks on prospective foster and adoptive parents regardless of whether foster care maintenance payments or adoption assistance payments are to be made on behalf of the child under the state plan.

In addition to the criminal background check procedures specified in the title IV-E state plan, the act requires states to submit fingerprint-based checks of prospective foster and adoptive parents to a national crime information database before the prospective foster/adoptive parent may be finally approved for placement of a child.

PL 110-351

The Fostering Connections to Success and Increasing Adoptions Act of 2008 amended parts B and E of title IV of the Social Security Act [42 USC 601 *et seq.*] to connect and support relative caregivers and improve outcomes for children in foster care. This Act allows states to enter into a guardianship assistance agreement to provide assistance payments to relatives who assume legal guardianship of title IV-E eligible children for whom they have cared as licensed foster parents.

PL 113-183

The Social Security Act [42 USC 673(d)(3)(c)] preserves the eligibility of a child of kinship guardianship assistance payment under certain circumstances when a guardian is replaced with a successor guardian due to death or incapacitation of the preceding guardian.

OVERVIEW

Juvenile guardianship is available for temporary and permanent court wards and state wards when reunification and adoption have been ruled out as permanency goals. The court, at a permanency planning hearing, may appoint a juvenile legal guardian(s) for a child in lieu of terminating parental rights or returning the child home (MCL 712A.19 (12) and (13)). The court, with the consent of the Michigan Children's Institute (MCI) superintendent for a state ward, may appoint a juvenile legal guardian(s) for a child after termination of parental rights.

The guardianship is a legally created relationship between the child and the guardian(s) that is intended to be permanent and provide the following:

- Protection.
- Education.
- Care and control of the person.
- Custody of the person.
- Decision making.

A guardian may receive financial support that will help pay for the child's support, including guardianship assistance payments, child support and governmental benefits, authorizing medical treatment, and consenting to the child's marriage or adoption. If parental rights have not been terminated, the guardian(s) may facilitate contact between the child and a parent, unless the court has limited the guardian's authority to do so.

DEFINITIONS

Guardian

A person appointed as guardian of a child by a Michigan court pursuant to MCL 700.5204 or 700.5205. This is a person who has qualified as a guardian of a minor or a legally incapacitated individual under a parental or spousal nomination or a court appointment and includes a limited guardian. Guardian does not include guardian ad litem.

Juvenile Guardian

A person appointed guardian of a child by a Michigan court pursuant to MCL 712A.19a or MCL 712A.19c.

Estate and Protected Individuals Code (EPIC) guardianship

Governs matters pertaining to the administration of estates of a deceased and protected person. There are two types of court-ordered guardianships for a minor.

- **Limited guardianship** is created by the filing of a petition by the minor's custodial parent or parent(s), where parental rights are voluntarily suspended.
- **Full minor guardianship** is created by way of a petition typically filed by someone other than a parent without the consent of parent(s).

JUVENILE GUARDIANSHIP ASSISTANCE

When a prospective guardian(s) is requesting guardianship assistance, the Michigan Department of Health and Human Services (MDHHS) juvenile guardianship assistance eligibility and agreement process must be completed prior to the appointment of the guardian(s) by the court. The assigned foster care caseworker is responsible for applying on the prospective guardian(s) behalf when assistance is requested through the Adoption and Guardianship Assistance Office (AGAO); see GDM 700 - 745.

When the child is a temporary, permanent court ward, or MCI ward and the prospective guardian(s) is not requesting juvenile guardianship assistance per the DHS-2051, Caregiver's Permanency Planning Checklist, the worker is not required to receive the AGAO approval prior to the court appointing a juvenile guardian, the DHS-2051 *Not Requesting* section on this form must be provided to the AGAO.

Note: When the child is a MCI ward the assigned foster care caseworker must request consent from the MCI superintendent, including those in which juvenile guardianship assistance is not being requested by the prospective guardian(s). The consent packet must be directly sent to the MCI office and the Guardianship Assistance Program (GAP) application must be directly sent to the AGAO.

**DETERMINING
GUARDIANSHIP AS
A PERMANENCY
GOAL**

Before pursuing a juvenile guardianship for a child, the foster care caseworker must review the federal permanency goals as outlined in [FOM 722-07, Permanency Planning- Overview](#). The caseworker must consider if reunification and adoption are in the child's best interest. Reasons of why reunification and adoption are not in the child's best interest must be clearly documented in the child's case service plan.

The caseworker must determine if juvenile guardianship is appropriate for the child by completing the DHS-2052, Caseworker's Permanency Planning Checklist for permanent wards-MCI or court, or the DHS-2053, Caseworker Permanency Planning Checklist for temporary court wards.

The caseworker must explain the differences between adoption and guardianship to the prospective guardian(s) and child using the MDHHS Publication 140, Making the Decision to Become a Child's Permanent Family.

The caseworker must assist the prospective guardian(s) and child in completing the DHS-2051.

If parental rights have not been terminated the caseworker must discuss the proposed juvenile guardianship arrangement with the child's parent(s), if possible. Parent's consent of the guardianship will help ensure the future stability of the guardianship, although not legally required.

The following must be documented in the case service plan, why reunification, if parental rights have not been terminated, and adoption are not appropriate permanency plans for the child. Examples of reasons why adoption may not be appropriate include:

- Strong cultural beliefs that are in opposition to termination of parental rights.
- It is in the child's best interest to maintain the parental rights of the birth parent(s) because the child and parent(s) have a meaningful relationship as evidenced by attachment and regular visitation. However, the parent(s), due to physical, medical, or mental health disabilities is unable to provide day-to-day supervision and care for the child. The guardianship

would allow the child to be cared for by the guardian(s) on a permanent basis and maintain a relationship with the birth parent(s).

- In the case of a child aged 14 or older who has been provided information and counseling concerning permanency options and outcomes, the child may choose not to be adopted but is willing to enter into a juvenile guardianship relationship.
- A relative is willing to provide a permanent home until the child is of appropriate age but does not want to change the legal relationship to the child. An example of this includes a grandparent, aunt, or uncle.
- There are obstacles to adoption by a relative who has been determined to be the best placement for the child.
- Based on a long-term placement with a foster family that has decided not to adopt, the placement is the best choice to provide a permanent family for the child through a juvenile guardianship.

Guardianship Assistance Program (GAP)

A juvenile guardianship can be appointed with or without guardianship assistance. The AGAO is responsible for determining eligibility.

To be eligible for GAP, MDHHS must determine if reunification and adoption is appropriate for the child. If these permanency goals are not appropriate for the child, it must be documented in their guardianship assistance application. A determination by AGAO that reunification and adoption have not been ruled out for the purposes of determining GAP eligibility may differ from the court determined permanency goal. The eligibility determination for GAP is based on the requirements of the Guardianship Assistance Act and title IV-E under the Social Security Act.

If the necessary information is not documented in the application packet the AGAO may request additional information.

For temporary court ward cases, where the prospective guardian(s) is requesting juvenile guardianship assistance, the worker must complete the DHS-591, Juvenile Guardianship Best Interest Determination for Temporary Court Wards form. The DHS-591

must be submitted to the AGAO along with the DHS-2051, and to the court holding jurisdiction over the child's abuse or neglect (A/N) case.

If the child's assigned foster care caseworker assesses that it is not in the child's best interest to be placed in a juvenile guardianship, the caseworker must state their reasoning for the outcome of the assessment on the record during a court hearing and document their reasoning in the child's case service plan.

If the court approves juvenile guardianship as a child's permanency plan at a permanency planning hearing or post-termination review hearing, the department must conduct required background checks and complete a home study on the prospective guardian(s).

Note: Federal Bureau of Investigation (FBI) fingerprinting completed for families requesting guardianship assistance and results must not be released with the exception to the AGAO.

Safe and Timely Interstate Placement of Children

The Safe and Timely Interstate Placement of Foster Children Act of 2006, P.L. 109-239, requires the timely completion of interstate home studies. Juvenile guardianship, including relative home studies requested by another state, must be completed within 60 calendar days. Placements cannot be made until training requirements are met and approval is given by the Interstate Compact on the Placement of Children (ICPC) Office; see [ICM 100, Interstate Compact on the Placement of Children \(ICPC\) Overview](#).

Interstate Notification

The MDHHS ICPC Office must be informed within 45 business days of the permanency plan goal change to juvenile guardianship for a Michigan foster child placed in foster care in another state. The assigned worker must complete the DHS-3309, Interstate Guardianship Plan Notice, and send it to the address below or email it to [MDHHS MI ICPC Mailbox \(MDHHS-MI-ICPC@michigan.gov\)](mailto:MDHHS MI ICPC Mailbox (MDHHS-MI-ICPC@michigan.gov)).

Michigan Department of Health and Human Services
Interstate Compact Office
235 S. Grand Ave., Suite 1315

P.O. Box 30037
Lansing, MI 48909

The Interstate Compact Office will inform the state where the child is living and the plan for juvenile guardianship.

**Background
Checks and Home
Study, Assistance
Not Requested**

Before the court may appoint the guardian(s), the department must complete criminal background checks and Central Registry clearances on the prospective guardian(s) and all other adults living in the household per foster care policy.

Law enforcement information network (LEIN) documents must not be filed in the foster care case record. LEIN documents must be cross-cut shredded or incinerated after review, verification of data, and incorporation of this verified information in narratives; see [SRM 700, Law Enforcement Information Network \(LEIN\)](#).

MDHHS must also conduct a home study of the prospective guardian's home unless a home study has been performed within the last 12 months. Results of verified background checks and clearances must be submitted to the court within seven days of the child's placement in a prospective guardian's home or, if the child already resides in the home, within seven days of the court's determination at a permanency planning hearing or post-termination review hearing that juvenile guardianship with a current caregiver is appropriate; see [SRM 700, Law Enforcement Information Network \(LEIN\)](#) for direction on Documentation of Verified Information and Disclosure of LEIN Information.

If a new home study is required, it must be submitted to the court within 28 calendar days of the child's placement in a prospective guardian's home or within 28 calendar days of the court's determination that juvenile guardianship with a current caregiver is appropriate. If guardianship assistance is not requested, the DHS-616, Juvenile Guardianship Home Study, must be used if the DHS-3130, Initial Foster Home/Adoption Evaluation, was not completed.

LEIN documents can only be released to the court pursuant to a court order, or subpoena issued by the Circuit Court, including the Family Division.

Licensing of Prospective Guardians

If the prospective guardian(s) requests guardianship assistance, they must become a licensed foster parent(s) and meet all licensing requirements, including fingerprinting and criminal history checks as listed for foster parents in [FOM 921: Foster Family Home Certification](#). A copy of the current foster home licensing assessment completed within the last 12 months must be submitted to the court. If the assessment was not completed within the last 12 months, a copy of an addendum to the assessment updating information in the original assessment must be submitted to the court. The DHS-3130A, Relative Placement Home Study, needs to be used for new foster home licensing assessments.

JUVENILE GUARDIANSHIP PROCESS FOR TEMPORARY AND PERMANENT COURT WARDS

Before requesting a goal change to guardianship, the child's assigned foster care worker must submit the following documents:

- A copy of the DHS-2051.
- A copy of the DHS-2053.
- The DHS-591, if the child is a temporary court ward.

When the court grants approval to change the goal to juvenile guardianship and the prospective guardian(s) are requesting juvenile guardianship assistance the assigned foster care case worker must submit a guardianship assistance application and required documentation to the AGAO; see [GDM 715, Juvenile Guardianship Assistance Eligibility](#).

A guardianship assistance agreement must be signed by both the prospective guardian(s) and the MDHHS designee prior to the court's appointment of the guardian(s) and is effective on the date of the guardian's appointment by the court.

If the guardianship assistance agreement is not signed by all parties before the date of the court's appointment of the guardian(s), the child will not be eligible for juvenile guardianship assistance.

Note: When the child is a temporary or permanent court ward and the prospective guardian(s) has indicated on the DHS-2051, that they are not requesting juvenile guardianship assistance, the worker is not required to receive approval from the AGAO prior to the court appointing a juvenile guardian.

If the court approves the juvenile guardianship, an order appointing the guardian(s) will be entered. If the court denies the guardianship the foster care caseworker will communicate with all involved parties to determine an appropriate permanency goal for the child.

Not Requesting

When the prospective guardian(s) is not requesting guardianship assistance, they must sign the DHS-2051, indicating they are not requesting assistance. The assigned foster care caseworker must provide a copy of the DHS-2051 to the AGAO prior to petitioning the court for guardianship.

JUVENILE GUARDIANSHIP PROCESS FOR MCI WARDS

The MCI superintendent is authorized to consent to juvenile guardianship for a state ward.

The MCI superintendent must review the materials cited below in the consent packet and consult with the child's lawyer-guardian ad litem (L-GAL) when considering the request for consent.

The completed DHS-2049, Juvenile Guardianship Consent Request for MCI Wards- Not Requesting Guardianship Assistance, or the DHS-2050, Juvenile Guardianship Consent Request for MCI Ward form, and required documentation must be submitted to the MCI superintendent, to request consent for the juvenile guardianship of a child.

Consent Packet

The following documents must be included when consent is requested:

- DHS-2050 or DHS-2049.
- Copy of the child's birth certificate.

- JC-63, Order Terminating Parental Rights, Child Protective Proceedings, or applicable tribal court form.
- Following voluntary release:
 - Release of Child by Parent, PCA 305.
 - Release of Child by Agency, PCA 306.
 - Order Terminating Parental Rights after Release or Consent, PCA 318 or applicable tribal form.
 - Order Committing to MDHHS, PCA 322 or applicable tribal court form.
- The following additional documents must be submitted with the consent packet for Indian children as defined by ICWA/MIFPA or Indian children who are members of or eligible for membership in a federally recognized Indian tribe:
 - Documentation of tribal consultation.
 - Documentation of the tribe's recommendation.
- Copy of current DHS-3130A, or DHS-616, and any addenda.
- Copies of any special evaluations and licensing complaints for the prospective guardian(s).
- DHS-1927, Child Adoption Assessment, and any addendums, if available.
- DHS-2052.
- DHS-2051.
- Copy of the case plan and updated service plan (USP) addressing the required elements cited in [GDM 715, Juvenile Guardianship Assistance Eligibility](#).

Competing Parties to Guardianship

If there is more than one family who wishes to obtain guardianship of the same child, the Permanency Planning Checklists must be completed and, if the family is appropriate for guardianship, a DHS-1926-G, Preliminary Guardianship Assessment, should be completed.

The assigned worker should provide a separate memo with the consent packet explaining which family is recommended for guardianship and supporting information for this determination.

If guardianship assistance will be requested, prospective guardian(s) must be licensed foster parents and the child must live in the prospective guardian's home for at least six consecutive months prior to requesting guardianship assistance. In these cases, recommending a guardian(s) other than the caregiver the child has resided with will cause a delay in permanency. This delay in permanency is significant but should not be the deciding factor in the caseworker's decision to recommend the guardian(s). Preference should be given to the prospective guardian(s) who best meets the needs of the child and with whom the child has a significant bond.

MCI wards may not be replaced with another family without the approval of the MCI superintendent.

Guardianship Assistance Application

Each competing party must be given information regarding the GAP, including Publication 140, Making the Decision to Become a Child's Permanent Family.

A guardianship assistance agreement must be signed by both the prospective guardian(s) and the MDHHS AGAO program manager or designee prior to the court's appointment of the guardian(s) and is effective on the date of the guardian's appointment by the court.

If the guardianship assistance agreement is not signed by all parties before the date of the court's appointment of the guardian(s), the child will not be eligible for juvenile guardianship assistance; see *not requesting* in this item.

MCI REVIEW AND WRITTEN DECISION

The MCI office must review the information provided by the supervising agency and the prospective guardian(s). The MCI office may request additional information from the supervising agency. Consultation with other professionals may also occur. The MCI office may consult with the MDHHS Office of Family Advocate (OFA). The MCI superintendent must issue a written decision containing a brief

description of the factors considered and whether the MCI superintendent consents to the juvenile guardianship.

**DENIAL OF MCI
CONSENT TO
APPOINT THE
GUARDIAN(S) FOR A
SPECIFIC CHILD**

The following process is to be followed when an assigned worker recommends the prospective guardian(s) not be granted consent to become a guardian of a specific MCI ward.

Written Notice of Agency's Recommendation to Deny Consent

If the assigned worker determines the prospective guardian(s) should not be recommended for consent, the prospective guardian(s) must be informed and provided with a summary of the factors that were considered.

The assigned worker must inform the family in writing, using the DHS-605G, Recommendation to Deny Request. The DHS-605G notifies the applicants if they applied for guardianship of a specific child, the recommendation will be sent to the MCI superintendent, who will make the final decision regarding consent for guardianship. The DHS-605-G will also inform the applicant that they may provide additional information directly to the MCI.

Written Notice to Family of MCI Decision

If the MCI office denies the consent to guardianship, a copy of the written decision must be sent from the MCI office to the prospective guardian(s) informing them of the denial of the request for consent to guardianship. The written decision must also be sent to the supervising agency and the L-GAL for the child. The supervising agency will be informed they may proceed with permanency planning for the child.

Notification of the denial to the prospective guardian(s) from the MCI office must include information that MCL 712A.19c allows an individual who has been denied a request for consent to guardianship to file a motion that consent was withheld in an arbitrary or capricious manner. This motion must be filed within 56 days of receipt of the decision to deny consent.

Forwarding Information to the Court

Copies of the denial of consent letter to the prospective guardian(s) from the MCI office and the DHS-605G, from the supervising agency must be presented to the court if a motion is filed.

Decision by the Court

When a motion is filed alleging the MCI superintendent's failure to consent was arbitrary or capricious, the court must ensure notice is provided to the MCI superintendent and other parties entitled to notice. The court must hold a hearing. If the court finds by clear and convincing evidence the decision to withhold consent was not appropriate the court may approve the guardianship without the MCI superintendent's consent.

Note: Upon request from the assigned worker's supervisor, the MCI superintendent may approve exceptions to the above process for MCI wards. Exceptions may be granted if it appears that doing so will achieve permanency and stability of the child as quickly as possible and is in the best interest of the child. The DHS-1785, Policy Decision, may be used for documenting an exception.

JUVENILE GUARDIANSHIP COURT DOCUMENTATION

The assigned worker must submit the following documentation to the court when requesting juvenile guardianship:

- A copy of the DHS-2052, or a complete DHS-2053.
- A copy of the DHS-2051.
- A copy of the DHS-3130A, or the DHS-616, not requesting guardianship assistance.
- Criminal background checks and Central Registry clearances must be completed for all adult members of the prospective guardian's household. Due to confidentiality issues, LEIN information and documents must not be shared via phone, fax or electronic mail (e-mail); see [SRM 700, Law Enforcement Information Network \(LEIN\)](#).
- Any addenda to the above assessments, if the original assessment is more than one year old.

- Any special evaluations and licensing complaints regarding the prospective guardian(s).
- Fingerprint clearance for the prospective guardian(s).

Note: The court may request additional documents.

When the court grants approval to change the goal to juvenile guardianship and the prospective guardian(s) are requesting juvenile guardianship assistance, the following documentation must be submitted to the AGAO, along with the application for juvenile guardianship assistance; see [GDM 715, Juvenile Guardianship Assistance Eligibility](#) for juvenile guardianship assistance application requirements.

A guardianship assistance agreement must be signed by both the prospective guardian(s) and the MDHHS AGAO program manager or designee prior to the court's appointment of the guardian(s) and is effective on the date of the guardian's appointment.

If the guardianship assistance agreement is not signed by all parties before the date of the court's appointment the child will not be eligible for juvenile guardianship assistance.

When the court approves the juvenile guardianship, an Order Appointing Guardian will be entered. If the court denies the guardianship, a FTM with all involved parties must be scheduled to determine an appropriate permanency goal for the child.

ORDER APPOINTING GUARDIAN(S)

After the court has received the background checks, home study and the MCI superintendent's written consent for state wards only, the court may enter an order appointing a juvenile guardian or schedule the matter for a hearing.

Note: If guardianship assistance is requested, the determination of eligibility and a guardianship assistance agreement must be completed and signed by all parties before the court enters the order appointing the guardian(s); see GDM 700-745.

**TERMINATION OF
COURT
JURISDICTION AND
FOSTER CARE
CASE ACTIONS****Temporary Court
Wards**

For temporary court wards, court jurisdiction over the case under MCL 712A.2(b), the child protective proceeding, does not terminate until after the court appoints the juvenile guardian and conducts a review hearing. The foster care case must remain open with all required foster care activities provided after the guardian(s) is appointed. The foster care case must not be closed until the court terminates jurisdiction of the A/N proceeding at a review hearing.

State Wards

For state wards, MCI jurisdiction ends after the court appoints the juvenile guardian, however, the foster care case must remain open with all required foster care activities provided after the guardian(s) is appointed. The foster care case must not be closed until the court terminates jurisdiction of the A/N proceeding at a review hearing. Court jurisdiction terminates after the court appoints a juvenile guardian and conducts a review hearing.

**Review Hearing
Time Frames**

Required review hearings must be conducted:

- No later than 91 days from the most recent review hearing if the guardian(s) is appointed less than one year from the child's latest removal from home.
- No later than 182 days from the most recent review hearing if the guardian(s) is appointed more than one year from the child's latest removal from home.

The court may require the department to file a written report for the review hearing.

The court may hold a review hearing and terminate jurisdiction of the A/N proceeding earlier than the 91 or 182-day requirement. It is possible for the review hearing to be scheduled immediately following the court's guardianship order. The foster care worker

should routinely ask the court to schedule the final review hearing before the expiration of the 91 or 182-day time period. If the child has resided in the guardian's home for an extended period of time and the court has appointed the guardian(s), an extended period of court and agency supervision should not be necessary.

Required Foster Care Activities after the Guardianship Appointment

During the review period, the foster care case and Medicaid remains open, and all required foster care worker activities must continue until the court terminates jurisdiction of the A/N proceeding.

A family who was licensed for foster care in order to receive juvenile guardianship assistance must maintain their license until the court's jurisdiction of the A/N proceeding is terminated.

Payment Activities after the Guardianship Appointment

The foster care payment must be ended effective the day immediately prior to the court order of guardianship. If the foster care payment authorization continues beyond the day immediately prior to the court order of guardianship, the foster care worker will need to recoup the foster care funds. For a child under foster care supervision by a private child placing agency (CPA), the foster care administrative rate will be paid through the MDHHS Federal Compliance Division from the date of the court order of guardianship to the date immediately prior to the court dismissing the wardship. The private CPA must submit a completed, signed, DHS-5602, Payment Voucher, and supporting documentation to the MDHHS-AdoptionandGuardianshipPayments@michigan.gov.

Actions When the Court Terminates Jurisdiction of the Child Abuse/Neglect Proceeding

The private CPA caseworker must send a copy of the court order terminating the jurisdiction of the A/N proceeding to the MDHHS foster care monitor and the AGAO within five business days of the termination. For MDHHS supervised cases, a copy of the order terminating the jurisdiction of the A/N proceeding must be sent to:

Michigan Department of Health and Human Services
Adoption and Guardianship Assistance Office
235 S. Grand Ave., Suite 612
P.O. Box 30037
Lansing, MI 48909

In all cases, the standards and procedures in [FOM 722-15, Case Closing](#) must be followed to close the foster care case and Medicaid when the court terminates jurisdiction of the A/N proceeding.

COURT- ORDERED INVESTIGATIONS OF THE GUARDIANSHIP

Following the court's termination of jurisdiction under MCL 712A.2(b), termination of the MCI's jurisdiction and closure of the foster care case, the court's jurisdiction over the juvenile guardianship continues. The court must conduct annual reviews of the guardianship, which are based upon either a court hearing or an annual written report the guardian(s) submits to the court and the AGAO.

During the guardianship or in conjunction with an annual review, the court may appoint the department to conduct an investigation of the guardianship and file a written report of the investigation within 28 days of the appointment. The report must include a recommendation regarding whether the guardianship should continue or be modified and whether a court hearing should be scheduled. The assigned MDHHS worker may use the State Court Administrative Office (SCAO) JC 96 form, or another form as directed by the court.

REVOCAION OR TERMINATION OF JUVENILE GUARDIANSHIP

The court must, on its own motion or upon petition from MDHHS or the child's L-GAL, hold a hearing to determine whether a guardianship should be revoked. A guardian(s) or interested person may also petition the court for permission to terminate the guardianship. Interested persons may include a parent if the parent's rights were not terminated.

Example: The guardianship was ordered prior to termination of parental rights.

A petition to terminate a guardianship may include a request for appointment of a successor juvenile guardian, without guardianship assistance if due to the incapacitation of the guardian(s).

If a petition for revocation or termination of the guardianship is filed, the court must hold a hearing on the petition within 28 days. In conjunction with a revocation or termination petition, the court may order temporary removal of the child from the guardian's home pending the hearing. If the court orders the child's removal, the court must conduct an emergency removal hearing within 24 hours of the removal, and, unless the child has been returned to the home of the guardian(s), a review hearing within 14 days. The court may order a representative of the department to appear at the review hearing and give testimony or file a written report.

Investigation and Report

In preparation for a revocation or termination hearing, the court must order MDHHS to conduct an investigation and file a written report with the court. The report must be filed with the court no later than seven days before the revocation or termination hearing. The report must include the reasons for terminating or revoking a guardianship and a recommendation regarding temporary placement, if necessary.

Hearing

After a hearing on a petition to revoke a juvenile guardianship, the court must revoke the guardianship if it finds by a preponderance of evidence all of the following:

- Continuing the guardianship is not in the child's best interest.
- It is contrary to the child's welfare to be placed in or remain in the guardian's home.
- Reasonable efforts were made to prevent removal from the guardian's home.

After a hearing on a petition to terminate a juvenile guardianship, when there is no request to appoint a successor juvenile guardian, the court must follow the same procedure that is required for a hearing on revocation of a guardianship, as outlined in this item.

If the termination petition includes a request for appointment of a successor guardian(s), the court must terminate the current guardian's appointment and proceed with the investigation and appointment of the successor guardian(s). The department must conduct the required background checks and home study. The successor guardian(s) is ineligible for guardianship assistance, except for when the successor guardian(s) is appointed due to the death or incapacitation of the proceeding guardian(s) and eligible requirements in [GDM 750, Successor Guardian](#) are met.

Following revocation or termination, without a successor guardian, of a guardianship, the court's jurisdiction over the previous child protective proceeding is reinstated under MCL 712A.2(b). The court must place the child under the care and supervision of the department or, if parental rights were previously terminated, commit the child to MCI under MCL 400.203.

Dispositional and Review Hearings

Within 42 calendar days following revocation or termination of a guardianship, the court must hold a dispositional hearing or, if parental rights were terminated, a post-termination review hearing. The department must prepare a case service plan and file it with the court no later than seven calendar days before the hearing.

The court will schedule subsequent dispositional review hearings, regardless of whether the child has been returned to the custody of a parent or placed in out-of-home care.

OVERVIEW

The purpose of guardianship assistance is to provide financial support to ensure permanency for children who would otherwise remain in foster care until reaching the age of majority.

Guardianship assistance supports the goals set forth in the Adoption and Safe Families Act of 1997 (AFSA), which determined guardianship provides permanency for foster children when reunification and adoption are not viable permanency goals.

The transfer of legal responsibility removes the child from the child welfare system, allows a caregiver to make important decisions on the child's behalf, establishes a permanent caregiver for the child, and addresses financial needs through ongoing assistance payments, when eligible. Juvenile guardianship should not be used for temporary placement of children. The program is specifically for children who would remain in foster care until age 18 if the juvenile guardianship is not established.

Guardianship Assistance

In order for a child to be eligible for guardianship assistance, the child must be in a licensed foster care home and meet either title IV-E or state funded guardianship assistance requirements; see [GDM 715, Juvenile Guardianship Assistance Eligibility](#).

Eligibility for the juvenile guardianship assistance program (GAP) is determined by the Michigan Department of Health and Human Services (MDHHS) Adoption and Guardianship Assistance Office (AGAO).

A DHS-3313, Guardianship Assistance Agreement, must be signed by the guardian(s) and the MDHHS AGAO program manager or designee before the court's appointment of the guardian(s).

Medicaid

Children who qualify for title IV-E funded guardianship assistance are categorically eligible for Medicaid.

The AGAO will determine Medicaid eligibility for children who qualify for state funded guardianship assistance. Children who meet asset and income criteria as a family of one in the guardianship will receive Medicaid through the guardianship assistance program.

Nonrecurring Expenses

Children who qualify for guardianship assistance are eligible for nonrecurring expenses reimbursement; see [GDM 730, Nonrecurring Expenses Eligibility and Reimbursement-Guardianship Assistance](#) for more information.

Medical Subsidy

Children who meet eligibility criteria for juvenile guardianship assistance are eligible to apply for the Medical Subsidy program as described in [GDM 735, Juvenile Guardianship Medical Subsidy Eligibility](#). Medical subsidy applications may be submitted either before or after the appointment of the guardian(s) and an agreement may be entered prior to the child's 18th birthday. Specific medical and mental health conditions must be certified, and a Medical Subsidy Agreement must be signed by the guardian(s) and the MDHHS AGAO program manager or designee before the coverage begins.

LEGAL AUTHORITY

MDHHS provides both title IV-E funded and state-funded guardianship assistance programs for foster children placed in juvenile guardianships. The title IV-E funded program is based on federal Public Act 110-351 (Social Security Act, 42 USC 673). The state funded program is based on Public Act 260 of 2008, as amended. Eligibility for either of these programs requires a DHS-3313.

FUNDING SOURCE

Depending on the child's eligibility and foster care funding source, guardianship assistance is funded by either federal title IV-E or state funds.

OVERVIEW

The Michigan Department of Health and Human Services (MDHHS) provides title IV-E and state funded guardianship assistance for children who are placed in a permanent juvenile guardianship from Michigan's public child welfare system who meet specific criteria.

Requests for a guardianship assistance eligibility determination are made by the foster care caseworker by submitting an application packet to the Adoption and Guardianship Assistance Office (AGAO). Prior to requesting a guardianship assistance eligibility determination, the requirements found in [GDM 600, Juvenile Guardianship](#) must be followed to determine whether juvenile guardianship is an appropriate goal for the child.

For a child to be eligible for the guardianship assistance program (GAP), the child must meet all of the guardianship assistance eligibility requirements. Eligibility for guardianship assistance is determined by the AGAO. Prior to the appointment by the court the DHS-3313, Guardianship Assistance Agreement, must be signed by the guardian(s) and the MDHHS AGAO program manager or designee.

Note: If the guardianship is appointed prior to receiving the required final MDHHS signatures on the DHS-3313, the child will be ineligible for the guardianship assistance funds through the AGAO.

TITLE IV-E FUNDING DETERMINATION

Title IV-E Funding

The AGAO will verify the child's current foster care funding for all cases involving children living with a licensed relative.

When it is determined that the child is currently eligible to receive title IV-E foster care funds, relative guardianship assistance will be funded by title IV-E funds when the AGAO has determined that all other eligibility criteria have been met.

The child must be a U.S citizen or a qualified non-citizen; see [FOM 902, Funding Determinations and Title IV-E Eligibility](#) for more information.

Felony Convictions

Adult members of the adoptive household must not have any felony convictions for any of the following crimes:

- Child abuse or neglect.
- Domestic violence.
- A crime against children, including child pornography.

- A crime of violence, including rape, sexual assault, or homicide, but not including other physical assault or battery.
- Within the last five years only physical assault, battery, or drug related offenses.

To ensure compliance with safety requirements the [DHS-5612-G, Verification of Tribal Guardianship Assistance Safety Requirements](#) may be utilized in place of the [CWL-1326, Licensing Record Clearance Request Instruction](#) when submitting an application for guardianship assistance programs for homes licensed/supervised by a tribe. Fingerprinting must be completed, and the outcome provided in the home study.

When it is determined the child is not currently eligible to receive title IV-E foster care funds, relative guardianship assistance will be funded by state funds when the AGAO has determined all eligibility criteria have been met.

Title IV-E Funding for Siblings

When a foster child who is a sibling of a title IV-E guardianship assistance eligible child is placed in the same relative guardianship arrangement, title IV-E funded guardianship assistance may be paid on behalf of the sibling regardless of the sibling's title IV-E eligibility. The sibling does not have to meet the funding requirements listed above, and the sibling's placement in the home does not need to occur simultaneously with the title IV-E eligible child's placement.

STATE FUNDING DETERMINATION

The AGAO will verify the child's current foster care funding for all cases involving children living within a licensed foster home.

When it is determined the child is not currently eligible to receive title IV-E foster care funds or is currently placed in a non-relative placement, guardianship assistance will be funded by state funds when the AGAO has determined that all other eligibility criteria have been met.

**ELIGIBILITY
DETERMINATION**

The eligibility determination process begins when the AGAO receives a complete application packet. The AGAO is solely responsible for determining if the eligibility criteria are met for funding through GAP. The AGAO will determine if the following are supported by the application and the supporting documentation is in the application packet:

- The child's age.
- The child's attachment to the prospective guardian(s).
- The child is 14 years old or older, the child must be consulted about the guardianship and be in agreement.
- The child was placed in the prospective guardian's home as a foster child six consecutive months prior to applying for guardianship assistance.
- The prospective guardian's commitment to caring for the child permanently, until the child reaches 18 years of age.
- The prospective guardian(s) is a licensed foster parent.
- The reasons why reunification and/or adoption have been ruled out and are not in the child's best interest must also be documented.

A finding that reunification and adoption have not been eliminated for purposes of determination guardianship assistance eligibility may differ from the court determined permanency goal.

TIME FRAME

The request for guardianship assistance will be assessed and either approved or denied within 30 calendar days of receipt of a complete application in the AGAO.

AGREEMENTS

When the child is determined eligible for juvenile guardianship assistance by the AGAO, the office will issue an agreement to the assigned foster care caseworker. The assigned foster care caseworker will review the agreement with the prospective guardian(s) and negotiate the amount of ongoing monthly

guardianship assistance payments with the prospective guardian(s). The prospective guardian(s) will enter the amount of the negotiated ongoing monthly guardianship assistance payments and will sign the agreement. Another adult must witness the signature and sign the agreement as the witness. The assigned caseworker may sign as the witness if the prospective guardian(s) signs in the caseworker's presence.

The assigned caseworker will return the signed agreement to the AGAO. The AGAO will review the agreement and the MDHHS AGAO program manager or designee will sign the agreement. A copy is returned to the assigned foster care caseworker and the AGAO will retain a copy of the agreement(s).

The assigned foster care caseworker gives the prospective guardian(s) the copy of the signed agreement and maintains a copy in the foster care record. In purchase services case, the assigned caseworker must send a copy of the agreement to the foster care case monitor for inclusion in the case record.

After the guardianship assistance agreement has been signed by the prospective guardian(s) and the MDHHS AGAO program manager or designee, the assigned foster care caseworker may petition the court to order the guardianship.

Michigan guardianship assistance agreements remain in effect regardless of the state of residence of the guardian(s).

DENIAL FOR JUVENILE GUARDIANSHIP ASSISTANCE

If it is determined by the AGAO the child is not eligible for guardianship assistance a [DHS-3311-g, Notice of Juvenile Guardianship Assistance and Nonrecurring Expenses Denial and Right to Appeal](#), will be sent to the assigned caseworker to review within the timeframes found on the notice with the prospective guardian(s). The prospective guardian(s) will sign the [DHS-3311-g, Notice of Juvenile Guardianship Assistance and Nonrecurring Expenses Denial and Right to Appeal](#) and return a copy to the AGAO.

**NOT REQUESTING
GUARDIANSHIP
ASSISTANCE**

Prospective guardian(s) may choose not to apply for guardianship assistance. Prospective guardian(s) must document their decision by completing the [DHS-2051, Caregiver's Permanency Planning Checklist](#), indicating in the requesting/not requesting section, the guardian(s) is/are not requesting guardianship assistance.

The foster care caseworker must email a copy of the [DHS-2051, Caregiver's Permanency Planning Checklist](#) to the [MDHHS AGAO Apps and Openings Mailbox \(MDHHS-AGAO-apps-and-openings@michigan.gov\)](mailto:MDHHS-AGAO-apps-and-openings@michigan.gov).

INTRODUCTION

Federal Law

The Fostering Connections to Success and Increasing Adoptions Act of 2008 (PL 110-351) includes an option for states to extend guardianship assistance agreements for youth who began receiving guardianship assistance at age 16 years or older.

State Law

To implement this option, Michigan passed the Young Adult Voluntary Foster Care Act (MCL 400.665 - 400.671 and MCL 722.876(6)(2)), which allows eligible youth who were placed in Juvenile Guardianship with subsidy from the Michigan public child welfare system after their 16th birthday, to receive guardianship assistance until their 21st birthday, if they are in school, in job training, employed or incapable due to a documented medical condition.

PROGRAM ELIGIBILITY AND REQUIREMENTS

The guardianship assistance eligibility policies in GDM 715 apply to guardianship assistance for youth who were 16 or older when their guardianship assistance agreement became effective. For a youth to qualify for an extension of guardianship assistance until the youth's 21st birthday, the youth must satisfy all of the following requirements:

1. The youth began receiving guardianship assistance at age 16 or older and is now between the ages of 18 and 20, and requests to extend guardianship assistance payments to the age of 21.
2. The original guardianship order remains in effect.
3. The youth had a guardianship assistance agreement effective up until his/her 18th birthday.
4. The youth has signed a DHS-1339G, Young Adult Guardianship Assistance Extension Application.
5. The youth meets at least one of the conditions listed below:

- Actively completing high school or a program leading to a general equivalency diploma (GED).
- Enrolled at least part-time in a college, university, vocational program, or trade school.

Note: A youth who is on a semester, summer, or other break, but was enrolled in school the previous semester and will be enrolled after the break, is considered enrolled in school.

- Employed in either full- or part-time work, or participating in a program that promotes employment (such as Job Corps, Michigan Works! or another employment skill-building program). Participation must be at least 80 hours per month and may be at one or more places of employment, and/or a combination of any of the above activities.
- Incapable of doing any of the above educational or employment activities due to a documented medical condition.

Note: If eligibility is based on incapacity, the subsidy worker must provide direction to the youth and/or guardian(s) on how to apply for Supplemental Security Income (SSI).

6. The DHS-1339G, Young Adult Guardianship Assistance Extension Application, is reviewed by the DHS Subsidy Office and an agreement is issued if the youth meets the requirements of the program. The youth and the guardian(s) must sign a DHS-3313-YA, Young Adult Guardianship Extension Agreement, requesting the court to continue the guardianship.

Note: The DHS-3313-YA, Young Adult Guardianship Extension Agreement, is an agreement between the guardian and DHS which outlines eligibility requirements in the area of education and employment.

VERIFICATION OF ELIGIBILITY

The following must be provided to the DHS Subsidy Office to apply for a Young Adult Guardianship Assistance Extension:

- DHS-1339G, Young Adult Guardianship Assistance Extension Application.
- One or more of the appropriate verification forms to document eligibility must be completed and returned with the DHS-1339G:
 - DHS-3380, Verification of Student Information (may also be used to verify vocational training).
 - DHS-38, Verification of Employment.
 - DHS-54A, Medical Needs.

Home Schooling

Legal guardians who are requesting an extension of the guardianship assistance payments for a child who is being educated at home must submit the following additional information to the DHS Subsidy Office with the extension application:

- A copy of a comprehensive individual educational curriculum for the time period of 9th grade through 12th grade. The individual education curriculum must include instruction in the subject areas of reading, spelling, mathematics, science, history, civics, literature, writing, and English grammar; see www.michigan.gov/npshts.
- A copy of confirmation of registration.
 - For a child residing in Michigan, the home school registration is available through the Michigan Department of Education. The registration document is SM-4325, Nonpublic School Membership form. Families may contact the Michigan Department of Education at:

Michigan Department of Education
Bureau of School Finance and School Law
Nonpublic School Unit
P. O. Box 30008
Lansing, MI 48909

Website: www.michigan.gov/mde
Phone: (517) 373-1833

- For a child residing outside of Michigan, the family must provide confirmation of registration as available in the state in which the child resides.

Note: Foster care policy does not permit home schooling for children who have open foster care cases.

APPLICATION FOR EXTENSION

Guardians of youth who exited foster care to the guardianship assistance program between the ages of 16 and 18 may apply for a Young Adult Guardianship Extension if all of the following program requirements are met:

- Continued to receive guardianship assistance up until their 18th birthday.
- Under the age of 21.
- Meets the qualifications of the young adult guardianship program.
- Still placed under his/her original juvenile guardianship order.

The DHS-1339G, Young Adult Guardianship Assistance Extension Application, and the DHS-628-G, Young Adult Guardianship Extension Notice, will be mailed to the guardians no later than 90 calendar days prior to the youth's 18th birthday. The DHS-628-G, Young Adult Guardianship Extension Notice, will explain that the guardianship assistance payments will end when the youth reaches age 18 unless an extension agreement is in place. An explanation of eligibility, the application, and documentation requirements for extension will be included. The Young Adult Guardianship Extension Notice notifies the guardian that he or she has 30 calendar days following the youth's 18th birthday to submit the application and required eligibility verification.

The DHS-628-G, Young Adult Guardianship Extension Notice, must also be sent to the court holding jurisdiction over the guardianship no later than 90 calendar days prior to the youth's 18th birthday. The DHS-628-G, Young Adult Guardianship Extension Notice, informs the court that the youth may be eligible for an extension and asks the court to keep the guardianship case open for 120 calendar days following the youth's 18th birthday or when they receive notification from the DHS Subsidy Office using the

DHS-1392, Notice of Young Adult Guardianship Assistance Denial form, whichever is sooner, unless the court determines that continuation of the guardianship is not in the youth's best interest. If approved for an extension, the DHS-3313-YA, Young Adult Guardianship Assistance Extension Agreement, will be mailed to the court informing them that the case has been extended and to not dismiss the guardianship order.

If an incomplete extension application is submitted to the DHS Subsidy Office, the subsidy worker must respond in writing to the guardian with the DHS-793, Young Adult Guardianship Assistance Extension Missing Documentation Notice, within 14 calendar days of receipt of the application. The DHS-793, Young Adult Guardianship Assistance Extension Missing Documentation Notice, will clarify the documentation requirements and will notify the guardian of any missing application or verification information. The guardian will have 30 calendar days following the date of the DHS-793, Young Adult Guardianship Assistance Extension Missing Documentation Notice, to provide missing documentation for the application to be processed with an effective date of the young adult's 18th birthday.

If the guardian does not provide the missing documentation within this time frame, the application will be denied and the guardian will need to re-apply. Once a complete application with required documentation is received by the DHS Subsidy Office, the department will process the application within 30 calendar days. The effective date will be the date the complete application was received in the DHS Subsidy Office. If at any time the court dismisses the guardianship order, the youth will no longer be eligible to re-apply.

If an extension application is denied, the DHS Subsidy Office will provide a denial notice to the guardian that includes the reason(s) for the denial and information regarding the right to request an administrative hearing; see GDM 780, Administrative Hearings. The DHS Subsidy Office will send written notification to the court with jurisdiction over the guardianship case following the deadline to request an appeal or following the administrative hearing order.

EXTENSION AGREEMENT RATES

The maximum daily rate for extensions will be the same maximum rate that was established on the original DHS-3313, Juvenile Guardianship Assistance Agreement. The actual rate will be negotiated between the guardian(s) and the department.

**EXTENSION
AGREEMENTS**

After an extension is approved by the DHS Subsidy Office, the DHS-3313-YA, Young Adult Guardianship Assistance Extension Agreement, will be mailed to the guardian for signatures. The signed agreement must be returned to the DHS Subsidy Office within 30 calendar days of the agreement issuance date and must be signed by the DHS Subsidy Office manager before the extension payments are authorized. If the agreement is missing information the DHS-792, Young Adult Guardianship Assistance Extension Agreement(s)-Incomplete Notice will be sent to the legal guardians. If the agreement is not received within 30 calendar days of the agreement issuance date or the date of the DHS-792, the effective date will be the date the agreement was received by the DHS Subsidy Office.

**JUDICIAL
DETERMINATION**

Within 30 calendar days of the date the DHS-3313-YA, Young Adult Guardianship Assistance Extension Agreement, was signed by the DHS Subsidy Office manager, the DHS Subsidy Office will provide a copy of the agreement to the guardian and the court with jurisdiction over the guardianship. Once the court receives the DHS-3313-YA, Young Adult Guardianship Assistance Extension Agreement, requesting the court to continue the guardianship, the court will determine whether guardianship remains in the youth's best interest within 365 days of the youth's 18th birthday and annually thereafter. The court order and proof of service reflecting the court's decision to continue or deny extension of the guardianship must be provided by the guardian to the DHS Subsidy Office no later than 30 calendar days following the receipt of the guardianship order.

FUNDING SOURCE

The Young Adult Guardianship Assistance Extension program is funded by title IV-E and state funds. The funding source for the youth's young adult guardianship extension is the same funding source that was established on the original DHS-3313, Juvenile Guardianship Assistance Agreement, when the child entered guardianship.

During periods of ineligibility, a grace period for re-establishing eligibility may occur. A funding source change must occur for title

IV-E-funded cases during the grace period. Title IV-E-funded cases must be changed to state-funding when any grace period begins and must be changed back to title IV-E funding when the youth re-establishes eligibility.

MEDICAID

Youth who are eligible for this program are categorically eligible for Medicaid during the extension period.

CHANGE REPORTING

Change reporting by the guardian of the Young Adult Guardianship Assistance is required as listed in GDM 740, Guardian Responsibilities, with the exception of the time frame for reporting. The guardian must report changes as soon as they occur, but no later than two weeks after changes that impact eligibility.

GRACE PERIOD

A grace period is the period of time after the youth ceases to meet the educational, employment, and/or incapacitating medical conditions requirements. Grace periods are to be applied based on the following:

- Youth are allowed a 30-day grace period in which to re-establish eligibility.
- Youth are allowed up to three grace periods per fiscal year.
- The grace period begins the day immediately following the day the youth becomes ineligible, whether or not it is reported timely.
- The Young Adult Guardianship Assistance payments and Medicaid coverage continues during the grace period.

Note: A funding source change must occur for title IV-E-funded cases during the grace period. Title IV-E-funded cases must be changed to state-funding when any grace period begins and must be changed back to title IV-E funding when the youth re-establishes eligibility.

The guardian should contact the DHS Subsidy Office to discuss ways in which the youth could meet the requirements or the guardianship assistance will terminate at the end of the grace period.

A grace period can **not** be used for youth who become ineligible due to one of the following circumstances:

- Reaches his or her 21st birthday.
- Enters military service.

Exception: Membership in the Reserve Officers' Training (ROTC) or the reserve component of the Armed Forces; such as, Army National Guard of the United States, Air Force Reserve, and Coast Guard Reserve does not disqualify a youth from the Young Adult Guardianship Assistance Extension, unless participation requirements exceed 21 consecutive calendar days of active duty or training responsibilities.

- Marries.
- Begins receiving federal Supplemental Security Income (SSI) payments.
- Is living with his/her biological parent(s).
- Death.
- The guardianship is terminated by order of the court having jurisdiction in the guardianship proceeding.

QUARTERLY REVIEWS

Continued eligibility for the extension program will be reviewed by the DHS Subsidy Office every three months, beginning three months from the effective date of the extension. Verification of the youth's continued employment, education, vocational or job training enrollment, or inability to participate in any educational or employment activities due to medical reasons must be provided every three months.

The DHS-881-YA, Quarterly Young Adult Extension Review, and applicable verification forms will be mailed to the guardian 30 calendar days prior to the quarterly review due date for completion. If the DHS-881-YA, Quarterly Young Adult Extension Review, and applicable verification documentation are not returned to the DHS Subsidy Office within 30 calendar days from date on the DHS-881-YA, Quarterly Young Adult Extension Review, payments will be terminated.

**TERMINATION OF
EXTENSION**

DHS may terminate the DHS-3313-YA, Young Adult Guardianship Assistance Extension Agreement and payments will end, if the youth becomes ineligible. Ineligibility occurs when the youth:

- Discontinues his/her educational, vocational, or trade program and does not re-enter a similar program or meet another eligibility requirement within the 30 calendar day grace period.
- Is no longer employed at least 80 hours per month or participating in a program that promotes employment (such as, Job Corps, Michigan Works! or another employment skill-building program) and has not met one of the other eligibility requirements within the 30 calendar day grace period.
- Is no longer deemed incapable due to a medical condition and is not in compliance with another eligibility requirement.
- Is incarcerated for more than 30 calendar days.
- Reaches his or her 21st birthday.
- Marries.
- Enters military service.

Exception: Membership in the Reserve Officers' Training (ROTC) or the reserve component of the Armed Forces; such as, Army National Guard of the United States, Air Force Reserve, and Coast Guard Reserve does not disqualify a youth from the Young Adult Guardianship Assistance Extension, unless participation requirements exceed 21 consecutive calendar days of active duty or training responsibilities.

- Begins receiving federal Supplemental Security Income (SSI) payments.
- Is living with his/her biological parent(s).
- Dies.
- The guardian requests that the payment permanently stop.
- The guardian no longer provides any support for the youth.

- The youth is adopted by the guardian or another individual.
- The guardianship is terminated by order of the court having jurisdiction in the guardianship proceeding.

The DHS Subsidy Office will send written notification of termination by mail to the guardian. This written notification will include a statement of the department's reason(s) for termination and rights to an administrative hearing; see GDM 780, Administrative Hearings. The DHS Subsidy Office will send written notification to the court with jurisdiction over the guardianship case following the deadline to request an appeal or following the administrative hearing order.

RE-ENTERING THE YOUNG ADULT GUARDIANSHIP ASSISTANCE EXTENSION PROGRAM

To re-enter the Young Adult Guardianship Assistance Extension Program the guardian must contact his/her subsidy worker for an application and required verification forms or locate this information on the DHS website, and submit this documentation to the DHS Subsidy Office. A guardian may re-apply for a youth to re-enter the Young Adult Guardianship Assistance Extension program if the youth exited foster care to the Juvenile Guardianship Assistance program between the ages of 16 and 18, is under the age of 21, and the young adult guardianship assistance extension was terminated when the youth:

- Discontinued his/her educational, vocational, or trade program and did not re-enter a similar program or meet another eligibility requirement within the 30 calendar day grace period.
- Was no longer employed at least 80 hours per month or participating in a program that promotes employment (such as Job Corps, Michigan Works! or another employment skill-building program) and did not meet one of the other eligibility requirements within the 30 calendar day grace period.
- Was no longer deemed incapable due to a medical condition and did not meet the other eligibility requirements within the 30 calendar day grace period.
- Was incarcerated for more than 30 calendar days.

The guardian may apply to re-enter the youth in the Young Adult Guardianship Assistance Extension program if he/she is under the age of 21, currently meets the eligibility requirements of the program, and continues to be under a juvenile guardianship with the original guardian.

Once a complete application with required documentation is received by the DHS Subsidy Office, the department will process the application within 30 calendar days. The effective date will be the date the complete application was received in the DHS Subsidy Office.

If an extension application is denied, the DHS Subsidy Office will provide a denial notice to the guardian that includes the reason(s) for the denial and information regarding the right to request an administrative hearing; see GDM 780, Administrative Hearings. The DHS Subsidy Office will send written notification to the court with jurisdiction over the guardianship case following the deadline to request an appeal or following the administrative hearing order.

RECOUPMENT

Recoupment for overpayments will be pursued retroactively to the date that eligibility ceased; see GDM 770, Recoupment/Underpayments/Tax Implications.

OVERVIEW

After a child is determined eligible for guardianship assistance, a guardianship assistance payment rate is determined.

Note: Prospective guardian(s) may waive their right to have an eligibility determination for guardianship assistance by signing and indicating *not requesting* on the DHS-2051, Caregiver Permanency Planning Checklist; see [GDM 600, Juvenile Guardianship](#).

If the guardian(s) chooses not to request guardianship assistance and does not have a guardianship assistance agreement signed by both the guardian(s) and the Michigan Department of Health and Human Services (MDHHS) Adoption and Guardianship Assistance Office (AGAO) program manager or MDHHS designee prior to the court's appointment of the guardian(s), they will not be eligible for guardianship assistance payments in the future.

The AGAO determines the maximum guardianship assistance rate, based on the state's foster care rates; see [FOM 905-3, Foster Care Rates](#).

Note: If the child's foster care rate changes at any time prior to the appointment of the guardianship after a guardianship assistance agreement is in place the foster care caseworker must submit a change request. A new guardianship assistance agreement must be in place with all required signatures prior to the appointment of the guardianship.

The DHS-3313, Guardianship Assistance Agreement, must be signed by the guardian(s) and the adoption and guardianship assistance program manager or MDHHS designee prior to the court's appointment of the guardian(s).

MAXIMUM RATE DETERMINATION

The AGAO determines a maximum rate for the child's guardianship assistance payment. The rate is determined based on the foster care rate the child received prior to application for guardianship assistance without regard to the income of the prospective guardian(s). The rate determination includes any Determination of Care (DOC) rate that is approved for the child in foster care at the time of application.

**Children Not
Receiving Family
Foster Care
Payments**

For children, whose care has been funded through financial support other than foster care payments a foster care rate must be determined and approved by the MDHHS local office. The rate must be determined based on the foster care payment the child would receive in a family foster home, including any DOC, if the alternate financial support were not being paid. The maximum guardianship assistance rate will be set using the foster care rate approved by the MDHHS local office at the time of application.

**Required
Documentation of
Child's Needs**

The following documentation must be attached to the DHS-3310, Juvenile Guardianship Assistance Application. The documentation contained in the guardianship assistance application must be current at the time the application is received in order for the AGAO to accept.

No DOC Rate

A copy of the most recent DOC assessment. The DHS-470, Assessment for Determination of Care for Children in Foster Care (Age One Day- 12 Years), DHS-470-A, Assessment for Determination of Care for Children in Foster Care (Age 13 and Older), and the DHS-1945, Assessment of Determination of Care for Medically Fragile Children in Foster Care, and the DHS-668, Notification of Determination of Care (DOC) Decision, must be submitted.

DOC Rate

A foster care rate that exceeds the MDHHS current standard maintenance payment is considered a DOC Rate; see [FOM 903-03, Payment for Foster Family/Relative Care](#). If a child has care needs above a standard foster care maintenance rate, copies of the following foster care documents must be attached.

DOC I, II, III Rate

A DOC Level I, II and III requires:

- A copy of a current local MDHHS-approved DOC assessment, the DHS-470, DHS-470-A, or the DHS-1945, dated within six months and the DHS-668. This may be the approval for a projected rate if the child is not currently receiving foster care payments.
- A copy of the DHS-67, Parent-Agency Treatment Plan & Service Agreement, for children receiving foster care payments, dated within three months of the application date.

DOC Rate Above Level III

A DOC above Level III requires all of the above, and:

- A copy of the supporting documents that were submitted to the designated local MDHHS manager to justify the rate.
- A copy of the professional documentation that supports the DOC rate, if applicable.
- A copy of the approval memo from the designated local MDHHS manager.
- A description of the child's special needs and specific information showing how the exceptional rate was calculated.
- The DHS-668 must be submitted with the documentation.

Rate Changes Before Guardianship Approval

When a child's DOC increases or decreases after a guardianship agreement has been issued, but prior to the court's appointment of the guardian(s), the assigned worker must submit a completed DHS-4817G, Juvenile Guardianship Assistance Program Change Request, and attach a current DOC form, DHS-470, DHS-470-A, or the DHS-1945, if applicable. The AGAO will review the DOC form and all supporting documentation. The guardianship assistance maximum rate will be reviewed and a new DHS-3313 may be issued with a new guardianship assistance maximum rate.

After the DHS-3313 is issued, the agreement must be signed by the prospective guardian(s) and the adoption and guardianship assistance program manager or MDHHS designee prior to the court's appointment of the guardian(s).

**Base Rate
Increases After the
Guardianship
Appointment**

Guardianship assistance base rates increase when the child has a birthday which would affect the base guardianship assistance rate or when the legislature authorizes an increase in the base guardianship assistance rate. DOC rates are set prior to the appointment of the guardianship and are not subject to increases after appointment by the court.

**Negotiation of the
Ongoing Monthly
Payment**

The ongoing monthly guardianship assistance payment is negotiated in discussion between the guardian(s) and the assigned foster care caseworker by taking into account the child's needs and guardian's circumstances. The ongoing monthly payment may be set at any rate up to the maximum guardianship assistance rate determined by the AGAO.

The DHS-3313 agreement must be signed by the prospective guardian(s) and the adoption and guardianship assistance program manager or MDHHS designee prior to the court's appointment of the guardian(s).

Renegotiation***Payments Established Below the Maximum Rate***

If the guardian(s) agrees to an ongoing monthly assistance payment that is less than the maximum guardianship assistance rate indicated on the DHS-3313 they may request a change once every 12 months.

The ongoing monthly guardianship assistance payment may not exceed the maximum guardianship assistance rate determined by the AGAO prior to the court's appointment of the guardian(s). The rate may include any increases to the base guardianship assistance rate due to legislative or age-appropriate increases.

If the child's or guardian's circumstances change and the guardian(s) decides the ongoing monthly guardianship assistance payment needs to be increased, they may request an increase of the ongoing monthly guardianship assistance payment up to the

maximum rate that was established by the AGAO prior to the guardianship.

The effective date of a negotiated guardianship assistance rate is based on the date of approval from the AGAO, but no more than 30 calendar days after the request to negotiate with supporting documentation were received by the AGAO. The child is not eligible for an increased payment prior to the effective date. The negotiated rate begins on the date when both the adoption and guardianship assistance program manager or MDHHS designee and the guardian(s) have signed the new agreement.

Requests for renegotiation can be sent via email to the assigned worker found on the [AGAO contact sheet \(https://www.michigan.gov\)](#) or to:

Michigan Department of Health and Human Services
Adoption and Guardianship Assistance Office
235 S. Grand Ave., Suite 612
P.O. Box 30037
Lansing, MI 48909

Payments Established at the Maximum Rate

The guardian(s) may request a decrease in the ongoing monthly guardianship assistance payment if they decide that it is appropriate.

Requests can be sent via email to the assigned worker found on the [AGAO contact sheet \(https://www.michigan.gov\)](#) or to:

Michigan Department of Health and Human Services
Adoption and Guardianship Assistance Office
235 S. Grand Ave., Suite 612
P.O. Box 30037
Lansing, MI 48909

OTHER FINANCIAL BENEFITS

When the court appoints the guardian(s), the guardian(s) should apply to become the representative payee for children who are eligible for SSI, Retirement, Survivors, and Disability Insurance (RSDI) or Veteran's Administration (VA) benefits. The guardian(s) should contact their local Social Security Administration office regarding SSI and RSDI. The guardian(s) may apply to become the representative payee for VA benefits by contacting the Veteran's

Administration. The assigned foster care caseworker must assist the guardian(s) in applying for these benefits.

A child may be eligible for both guardianship assistance payments and SSI. In the case of children who have been eligible for SSI prior to guardianship, the guardian(s) must immediately notify the Social Security Administration (SSA) of the guardianship and the amount of the ongoing monthly guardianship assistance payment. The SSA will determine the child's continued eligibility for SSI after guardianship and the amount of the payment. The foster care caseworker must send a DHS-3205, Foster Care/Juvenile Justice Benefit Eligibility Record to Government Benefits.

If the guardian(s) chooses not to request guardianship assistance because the child receives other financial support and does not have a guardianship assistance agreement signed by both the guardian(s) and the adoption and guardianship assistance program manager or MDHHS designee prior to the court's appointment of the guardian(s), they will not be eligible for guardianship assistance payments in the future.

The assigned foster care caseworker must inform the prospective guardian(s) that RSDI, SSI, and VA benefit payments may not provide ongoing assistance through age 18, depending on the source of the benefits and possible eligibility requirements based on income or continued disability.

**TITLE IV-E FUNDED
GUARDIANSHIP
ASSISTANCE**

Children who are determined eligible for title IV-E funded guardianship assistance are categorically eligible for Medicaid. A signed Guardianship Assistance Agreement (DHS-3313) and court appointment of a guardian are required in order to receive Medicaid through the program. The DHS Subsidy Office will open and maintain the Medicaid case after the foster care case is closed. Medicaid eligibility will continue as long as the guardianship assistance agreement is in effect.

**STATE FUNDED
GUARDIANSHIP
ASSISTANCE**

Medicaid eligibility for children who are eligible for state funded guardianship assistance and living in Michigan is determined by the DHS subsidy office. Children in juvenile guardianship will be eligible for Medicaid under Other Healthy Kids (see BEM 131), or Department Wards, Title IV-E and Adoption Assistance Recipients (see BEM 117).

There may be some cases where the child has significant income (above 150% of poverty level) from sources other than guardianship assistance. The child's eligibility for Group 2 Persons Under Age 21 Medicaid should be determined. There may be a deductible in these cases (see BEM 132).

Possible sources of income are Retirement, Survivors, Disability Income (RSDI) or other financial support the child receives. The prospective guardian's income and assets are not considered in the determination of Medicaid eligibility for the child. See BEM 211 for Medicaid group composition information.

The child's countable income must be considered. The DHS subsidy office will open and maintain the Medicaid case after the foster care case is closed.

INTRODUCTION

Nonrecurring Expenses (NRE) eligibility is based on the state's federally approved title IV-E plan and state law.

After eligibility is determined, the agreement is signed by the guardian and the DHS designee, and the court has appointed the guardian, the DHS subsidy office will determine allowable expenses claimed by the guardian or a third party (that incurred expenses on behalf of the guardian). The maximum allowable reimbursement is \$2,000 per child.

ELIGIBILITY

A child may be determined eligible for nonrecurring expenses reimbursement if the child has been determined eligible for Guardianship Assistance (see GDM 715).

AGREEMENT

A written agreement, Guardianship Assistance Agreement (DHS-3313) between the prospective guardian(s) and the department setting forth the nature of the payment and the claim process, must be signed by both the guardian and the DHS designee before the court appointment of a guardian. A copy of the signed agreement will be given to the guardian.

Detailed information about the agreement is available in GDM 740, Guardianship Assistance Agreements.

PROCESS

NRE are reasonable and necessary fees and expenses directly related to the process of obtaining juvenile guardianship of an eligible child.

Nonrecurring expenses do not include costs or expenses incurred in violation of state or federal laws or that have been reimbursed from other sources or funds.

The guardian or a third party, with the assigned worker's assistance, must claim expenses to be reimbursed within two (2) years or less of the date of the court's appointment of the guardian. If the expenses are not claimed within two (2) years of the guardian appointment, eligibility for reimbursement ends.

Claim Forms

Nonrecurring expenses must be claimed on the Guardian Claim for Reimbursement of Nonrecurring Expenses (DHS-4815G), or the Third Party Claim for Reimbursement of Nonrecurring Expenses - Guardianship (DHS-4816G). More than one DHS-4815G or DHS-4816G may be submitted for a child within the two-year period following the date of the court's appointment of the guardian, if the expenses being claimed were not previously submitted and total no more than \$2,000.

**Third Party
Reimbursement**

A third party is a party who has incurred NRE expenses directly related to obtaining juvenile guardianship of an eligible child on behalf of the guardian.

**Guardianship
Termination**

If a child's guardianship is revoked or terminated before the two-year expiration of expense reimbursement, the guardian or third party remains eligible for reimbursement of nonrecurring expenses for two years after the date of the original appointment of the guardian.

**Sibling Group
Claims**

Nonrecurring expenses applying to an entire sibling group may be submitted on one claim form, providing total expenses related to obtaining juvenile guardianship do not exceed the maximum allowable reimbursement of \$2,000 per child.

If the expenses exceed \$2,000 for one child, those expenses must be divided and reported on each child's claim form. If the expenses exceed \$2,000 per child, only \$2,000 per child will be reimbursed. Receipts or other appropriate documents must be attached to each sibling claim form.

**Child Not Placed
Into Guardianship**

If a child who was certified eligible for NRE is not placed into guardianship by court order, NRE reimbursement is not available.

**Claim/
Reimbursement**

Claim procedures for the guardian who has incurred or will incur expenses, and is ultimately responsible for payment of the expenses related to obtaining juvenile guardianship, are as follows:

1. The guardian completes, with the assigned worker's assistance, the Guardian Claim for Reimbursement of Nonrecurring Expenses (DHS-4815G). Attach receipts or appropriate document for each expense incurred as outlined below and submit to the DHS subsidy office within two years or less after the date of the appointment of the guardian.
2. The DHS subsidy office will determine the reimbursable expenses, the amount of reimbursement, authorize the reimbursement and initiate payment to the guardian after the guardian has been appointed by the court and a guardianship assistance case is opened by the DHS subsidy office.

**Third Party Claim/
Reimbursement**

Claim procedures for a third party that has incurred NRE on behalf of a guardian (who retains ultimate responsibility for payment), that are directly related to obtaining juvenile guardianship of a foster child are as follows:

1. With the assigned worker's assistance, the guardian and third party complete the Third Party Claim for Reimbursement of Nonrecurring Expenses (DHS-4816G). Receipts or appropriate document for each expense incurred must be attached. The claim must be submitted to the DHS subsidy office within two (2) years or less after the guardianship appointment by the court.

If more than one third party has incurred expenses on behalf of a guardian, a DHS-4816G must be submitted for each third party (and one for each child in a sibling group).

2. After the guardian has been appointed by the court and a guardianship assistance case is opened by the DHS subsidy office, the office will determine appropriate reimbursable amounts, authorize reimbursement and initiate payment to the third party.

Expense/Fee**Receipt/Document/Other Required**

Attorney Fees

An invoice from the attorney including dates of service, description of services, amount billed for services, attorney's signature, and guardian's signature verifying services. The guardianship process in Michigan does not require attorney services.

**MEDICAL SUBSIDY
ELIGIBILITY**

Children who are eligible for the Guardianship Assistance Program (GAP) are eligible for post permanency services in the same manner as adoptive families, including eligibility for medical subsidy; see [AAM 400, Medical Subsidy Eligibility](#).

The expenses that are covered by medical subsidy are identified physical, mental, or emotional conditions that previously existed within the child, or the cause of the condition that previously existed before the guardianship petition was filed.

Medical subsidy is a state-funded program. Eligibility is determined without respect to the guardian's or child's income. However, before medical subsidy reimbursement is made, the guardian(s) must pursue all available private and public funding sources for medical costs, including private health insurance and public health benefits, such as Medicaid and Children's Special Health Care Services.

**CERTIFICATION
CRITERIA**

A child may be eligible for the state funded juvenile guardianship medical subsidy when all of the following apply:

- The child is certified eligible and approved by the Adoption and Guardianship Assistance Office (AGAO) for GAP.
- Certification for medical subsidy was requested and approved by the AGAO and the medical subsidy agreement was finalized before the child's 18th birthday.

Note: The child's guardianship must be finalized prior to their 18th birthday to be eligible for medical subsidy.

APPLICATION

The application procedure for medical subsidy depends on whether the child's guardianship is pending or if the guardianship has been ordered by the court.

Pending Guardianship Appointment

The child's foster care caseworker must submit a DHS-3310, Juvenile Guardianship Assistance Application, and supporting documentation to the AGAO.

Guardianship Ordered by the Court, JC 91, Order Appointing Juvenile Guardian

The legal guardian(s) must submit a DHS-1084, Guardian's Application for Medical Subsidy, to the AGAO. The foster care caseworker or the AGAO, if the foster care case is closed, may assist the guardian(s) by:

- Providing the DHS-1084.
- Providing instructions to the legal guardian(s) on how to complete the form.

The effective date of the agreement will be the date the DHS-1084 is received by the AGAO. The application will be denied if the required documentation outlined in this policy is not received by the AGAO within 90 calendar days of the application receipt date. In the event of a denial, the guardian(s) may reapply for medical subsidy.

If additional physical, mental, or emotional conditions are diagnosed after the juvenile guardian is appointed by the court, the guardian may apply for certification of the conditions.

**DOCUMENTATION
REQUIREMENTS**

Required documentation for Juvenile Guardianship Medical Subsidy can be found in [AAM 400, Medical Subsidy Eligibility](#).

OVERVIEW

State and federal law require that the Michigan Department of Health and Human Services (MDHHS) enter into the DHS-3313, Guardianship Assistance Agreements, and state-funded DHS-3013GA, Juvenile Guardianship Medical Subsidy Agreements, with the guardian(s) as a condition of eligibility for:

- Guardianship assistance.
- Nonrecurring expenses.
- Guardianship assistance-related Medicaid.
- Medical subsidy.

Guardianship assistance and medical subsidy agreements are written legally binding arrangements between the department and the guardian(s) which include the agreement provisions.

A guardianship assistance agreement must be signed by both the guardian(s) and the MDHHS Adoption and Guardianship Assistance Office (AGAO) program manager or MDHHS designee prior to the court's appointment of the guardian(s) and is effective on the date of the guardian's appointment.

If the guardianship assistance agreement is not signed by all parties before the date of the court's appointment of the guardian(s), the child will not be eligible for guardianship assistance.

**GUARDIANSHIP

- Maximum guardianship assistance rate.
- Amount of negotiated ongoing monthly guardianship assistance payment agreed to by the guardian(s) and MDHHS and any services and other assistance to be provided under the agreement.

- Provisions for the protection of the interests of the child in cases where the guardian(s) and child move to another state while the agreement is in effect.
- The guardianship agreement is in effect regardless of the state in which the guardian(s) and child reside.
- Nature and amount of nonrecurring expenses to be paid.

OBTAINING AGREEMENTS

**Guardianship
Assistance
Agreements**

The DHS-3313 is issued by the AGAO. The assigned foster care caseworker applies for this agreement by submitting a DHS-3310, Juvenile Guardianship Assistance Application, to the AGAO.

Ongoing monthly guardianship assistance is paid in the amount negotiated between the guardian(s) and AGAO, up to the maximum amount entered by the AGAO on the DHS-3313. Details of the rate determination process are in [GDM 720, Juvenile Guardianship Assistance Rate Determination](#).

**Nonrecurring
Expenses (NRE)
Agreements**

The guardian(s) and AGAO enter into an agreement for reimbursement of nonrecurring expenses as a result of submission and approval of the DHS-3310. Approval of the DHS-3310 application results in the issuance of the DHS-3313.

Claims for reimbursement of expenses by the guardian or authorized third party may be initiated after the agreement is signed by all parties. Processing of reimbursement payments will begin after the appointment of the guardian, the DHS-1344G, Guardianship Case Opening Request, and appropriate receipts/documentation have been received by the AGAO.

Nonrecurring expenses claims may be paid up to two years after the date of the appointment of the guardian(s). The guardian(s) or authorized third party must claim the reimbursement for eligible expenses no later than two years from the date of the court's appointment of the guardian(s); see [GDM 730, Nonrecurring Expenses Eligibility and Reimbursement- Guardianship Assistance](#).

After the guardian(s) is appointed, the guardian(s) apply for the medical subsidy agreement by submitting the DHS-1084,

Guardian's Application for Medical Subsidy Through the Juvenile Guardianship Assistance Program, to the AGAO.

The medical subsidy agreement must be signed by the guardian(s) and the AGAO designee after the child's eligibility has been determined by the AGAO. If the medical subsidy is signed by all parties on or before the court's signature on the guardian's appointment, the effective date of the agreement will be the date of the court's appointment of the guardian(s).

If the medical subsidy agreement is signed after the court's signature on the appointment of the guardian(s), the effective date of the agreement will be the date of the appointment of the guardian(s) or the effective date entered on the agreement by the AGAO, whichever is later.

Medical bills will not be processed for payment until the guardian(s) and the AGAO designee have signed the agreement and the DHS-1344G has been processed by the AGAO.

OVERVIEW

Pursuant to state and federal law, the Michigan Department of Health and Human Services (MDHHS) may enter into a guardianship agreement with the successor guardian(s) for:

- Guardianship assistance.
- Nonrecurring expenses.
- Guardianship assistance-related Medicaid.
- State-funded medical subsidy.

Guardianship assistance and medical subsidy agreements are written legally binding agreements between the department and the successor guardian(s) that include the agreement provisions.

JUVENILE GUARDIANSHIP ASSISTANCE

The MDHHS juvenile guardianship assistance eligibility determination process must be completed and if found eligible, an agreement will be issued to the successor guardian(s). The juvenile guardianship assistance agreement must be signed by the successor guardian(s) and the MDHHS Adoption and Guardianship Assistance Office (AGAO) program manager or MDHHS designee before payments can be made.

Guardianship Assistance Application

The successor guardian(s) may be eligible to receive guardianship assistance on behalf of an eligible child, if the AGAO determines that all of the following apply:

- A DHS-3313, Juvenile Guardianship Assistance Agreement, for the child was in effect before the appointment of the successor guardian(s).
- The successor guardian(s) was appointed by the court as a result of the death or incapacitation of the preceding guardian(s).

Example: Incapacitation due to severe illness or physical disabilities.

- The preceding guardian(s) had an active DHS-3313, for the child before their death or incapacitation.
- The successor guardian(s) meets all of the conditions set forth in policy and law.

Program eligibility is completed when the successor guardian(s) has requested juvenile guardianship assistance via the DHS-3310-SG, Successor Juvenile Guardianship Assistance Application, and all of the following occurs:

- The completed DHS-3310-SG is submitted to the AGAO:

Michigan Department of Health and Human Services
Adoption and Guardianship Assistance Office
235 S. Grand Ave, Suite 612
P.O. Box 30037
Lansing, MI 48909
- The following documents must be submitted with the application:
 - Court order appointing the successor guardian(s), which specifies the appointment is due to the death or incapacitation of the preceding guardian(s).
 - Copy of the preceding guardian's death certificate, if applicable.
 - Signed statement from the successor guardian(s) indicating the date they assumed care of the child.
- Criminal background checks and clearances of the child abuse and neglect registry are obtained on all adults living in the home including clearance of the child abuse and neglect registry in any state in which they have resided during the past five years.

Note: The AGAO will provide the successor guardian(s) with information on how to obtain the required clearances.

- The AGAO reviews the documentation, determines eligibility and the maximum monthly guardianship assistance rate, and issues a DHS-3313, if eligible.

If the application is incomplete, the AGAO must notify the successor guardian(s) of any missing application information or

required documentation within 14 calendar days of receipt of the application.

The successor guardian will have 30 calendar days following the date of the notice to provide missing documentation for the application to be processed. If the successor guardian(s) does not provide the missing documentation within this time frame, the application will be denied, and the successor guardian(s) will be required to re-apply to have an eligibility determination.

When the successor guardian(s) is determined not to meet the program requirements for eligibility, the MDHHS-5968, Notice of Juvenile Guardianship Assistance and Nonrecurring Expenses Denial and Right to Appeal, will be issued to the guardian(s).

Guardianship Assistance Rates

The maximum daily rate for guardianship assistance for successor guardian(s) will be the same maximum rate that was established on the original DHS-3313. The actual rate will be negotiated between the successor guardian(s) and the department; see [GDM 720, Juvenile Guardianship Assistance Rate Determination](#) for detailed rate determination policy.

Other Financial Benefits

When the court appoints the successor guardian(s), the successor guardian(s) must apply to become the representative payee for children who are eligible for Supplemental Security Income (SSI), Retirement, Survivors, Disability Insurance (RSDI) or Veteran's Administration (VA) benefits. Successor guardians must contact the local Social Security Administration (SSA) office regarding SSI and RSDI. Successor guardians may apply to become the representative payee for VA benefits by contacting the VA.

A child may be eligible for both guardianship assistance payments and SSI. In the case of children who have been eligible for SSI prior to guardianship, the successor guardian(s) must immediately notify SSI of the guardianship and the amount of the ongoing monthly guardianship assistance payment. The SSA will determine the child's continued eligibility for SSI after guardianship and the amount of the payment.

If the successor guardian(s) chooses not to request guardianship assistance as the child receives other financial support and does

not have a guardianship assistance agreement signed by both the successor guardian(s) and the adoption and guardianship assistance program manager or MDHHS designee, the child will not be eligible for guardianship assistance payments in the future.

Guardianship Assistance Payments

If the successor guardian(s) began caring for the child before the court appoints the successor guardian(s), guardianship assistance payments can be made retroactively to either the date of the death of the preceding guardian(s), the date of incapacity of the preceding guardian(s), or the date the successor guardian(s) assumed care of the child, whichever is later.

Funding Source

The Guardianship Assistance Program (GAP) is funded by title IV-E and state funds. The funding source for guardianship assistance for the successor guardian(s) is the same funding source that was established on the original DHS-3313, when the child entered guardianship.

Exception: The funding source may change in the event that any adult household member has a criminal history that is not allowable for title IV-E eligibility.

Medicaid

Youth who were eligible for Medicaid through the GAP with the preceding guardian(s) are eligible for Medicaid with the successor guardian(s).

Guardianship Assistance Agreements

The DHS-3313, is issued by the AGAO. The successor guardian(s) applies for this agreement by submitting a DHS-3310-SG, to the AGAO.

Ongoing monthly guardianship assistance is paid in the amount negotiated between the successor guardian(s) and MDHHS, up to the maximum amount entered by the AGAO on the DHS-3313.

A guardianship assistance agreement must be signed by both the successor guardian(s) and the adoption and guardianship assistance program manager or MDHHS designee prior to the issuance of guardianship assistance payments.

Nonrecurring Expenses (NRE) Agreements

The successor guardian(s) and MDHHS enter into an agreement, DHS-3313, for reimbursement of nonrecurring expenses as a result of submission and approval of the DHS-3310-SG.

Claims for reimbursement of expenses by the successor guardian(s) or authorized third party may be initiated after the agreement is signed by all parties. Processing of reimbursement payments will begin after the appointment of the successor guardian(s) and the DHS-1344-SG, Successor Guardianship Case Opening Request, and appropriate receipts and documentation are received by the AGAO.

Nonrecurring expenses claims may be paid up to two years after the date of the appointment of the successor guardian(s). The successor guardian(s) or authorized third party must claim the reimbursement for eligible expenses no later than two years from the date of the court's appointment of the guardian(s); see [GDM 730, Nonrecurring Expenses Eligibility and Reimbursement-Guardianship Assistance](#) for detailed nonrecurring expenses policy.

Medical Subsidy Agreements

Children who are eligible for GAP are eligible for post permanency services in the same manner as adoptive families, including eligibility for medical subsidy. Medical subsidy is a state-funded program.

Eligibility is determined without respect to the successor guardian(s) or child's income. Before medical subsidy reimbursement is made, the successor guardian(s) must pursue all available private and public funding sources for medical costs, including private health insurance and public health benefits, such as Medicaid and Children's Special Health Care Services; see [AAM 640, Post Placement- Use of the Adoption Medical Subsidy Program](#) for more information.

Medical subsidy applications may be submitted either before or after the appointment of the successor guardian(s) and may be approved up to the child's 18th birthday. Specific medical and mental health conditions must be certified, and a medical subsidy agreement must be signed by the successor guardian(s) and the adoption and guardianship assistance program manager or MDHHS designee before the coverage begins.

If a child was found eligible for medical subsidy with the preceding guardian(s), the medical subsidy will transfer to the successor guardian(s) once the following occurs:

- The successor guardian(s) and the AGAO designee have entered into a DHS 3013GA, Juvenile Guardianship Medical Subsidy Agreement, covering all of the following:
 - Identification of the physical, mental, or emotional condition(s) covered by the medical subsidy.
 - The duration of the medical subsidy agreement.
 - Conditions for continued eligibility for the medical subsidy.
- The DHS 3013-GA, Juvenile Guardianship Medical Subsidy Agreement, is issued by the AGAO after approval of the DHS-1341-M, Juvenile Guardianship Medical Subsidy Application.
- After the successor guardian(s) is appointed, the successor guardian(s) apply for the medical subsidy agreement by submitting the DHS-1341-M to the AGAO at:

Michigan Department of Health and Human Services
Adoption and Guardianship Assistance Office
235 S. Grand Ave, Suite 612
P.O. Box 30037
Lansing, MI 48909

The medical subsidy agreement must be signed by the successor guardian(s) and the adoption and guardianship assistance program manager or MDHHS designee after the child's eligibility is determined by the AGAO.

If the medical subsidy agreement is signed after the court's signature on the appointment of the successor guardian(s), the effective date of the agreement will be the date of the appointment of the successor guardian(s) or the effective date entered on the agreement by the AGAO, whichever is later.

Medical bills will not be processed for payment until the successor guardian(s) and the adoption and guardianship assistance program manager or MDHHS designee have signed the agreement and the DHS-1344-SG, is processed by the AGAO; see [GDM 735, Juvenile Guardianship Medical Subsidy Eligibility](#) for detailed medical subsidy policy.

**GENERAL
INFORMATION**

Once approved, juvenile guardianship assistance and medical subsidy will continue even if the guardian(s) moves out of the state, provided all other eligibility requirements are met. A guardian may not change a child's domicile to another state without court approval.

Children moving into Michigan with guardianship assistance and medical assistance from another state may be eligible to have Michigan Medicaid opened by the DHS subsidy office.

ADDRESS CHANGES

Address changes must be submitted to the DHS subsidy office in writing within 7 days of the change of address. The change information should be submitted as far in advance as possible so that guardianship assistance checks can be directed to the correct address. The written address change must include the following information:

- Guardian's name.
- Phone number.
- Child's name.
- Child's date of birth.
- Complete old address.
- Complete new address (including any post office box number, if applicable).
- Effective date of new address.
- Guardian's signature.

Note: If the guardian is also a licensed foster parent or day care provider, they must also contact the appropriate licensing office. A guardian must inform the court of any change of address within 7 days of the change.

MEDICAID**New Cases
Opening With an
Out-of-State
Address**

Michigan Medicaid will not be opened for children whose guardian's home is located in another state.

At case opening, the DHS subsidy office will complete Interstate Compact on Adoptions and Medical Assistance (ICAMA) Form 6.01 and notify the child's state of residence that the Medicaid should be opened in that state.

**Michigan Children
Moving to Other
States**

For title IV-E funded guardianships, children who are eligible for Medicaid through Michigan's guardianship assistance program should be eligible for the Medicaid program in the state where they live.

For state funded guardianships, the guardian should apply for their state's Medicaid program at the social services office in their community.

Before moving, the guardian should contact the DHS subsidy office to change their address and inform the office that they will need Medicaid in the new state.

The DHS subsidy office will complete the DHS-315, ICAMA Form 6.01 Notice of Medicaid Eligibility/Case Activation, for the child and inform the new state of the need for medical assistance through that state's program.

**Children Moving to
Michigan from
Other States**

A child who moves into Michigan with guardianship assistance-related Medicaid eligibility from another state may receive Medicaid through Michigan's Medicaid program. All title IV-E funded guardianship assistance cases are categorically eligible for Medicaid. The DHS subsidy office in central office authorizes and maintains current Medicaid for these children.

The guardian of an eligible child who is moving into Michigan should contact the state that issued the guardianship assistance agreement. The originating state should complete the ICAMA Form 6.01 Notice of Medicaid Eligibility/Case Activation and forward it to:

Michigan Department of Human Services
DHS Subsidy Office, Suite 612
P.O. Box 30037
Lansing, Michigan 48909

RECOUPMENT

Recoupment for overpayments will be pursued retroactively to the date that eligibility ceased to exist.

Notice of Non-Support Process

When the DHS subsidy office is made aware that a child is no longer in the guardian(s) home and the guardian(s) are no longer providing any support for the child, the DHS subsidy office will send the DHS-1184-G, Initial Letter Regarding Guardianship Support, to the guardian(s).

The DHS-1184-G notifies the guardian(s) that the DHS subsidy office was informed that the child is no longer in their care and that they are no longer providing any support for the child. The DHS-1184-G informs the guardian(s) that they must notify the DHS subsidy office, in writing as to how they have been providing support for the child and how they intend to provide support for the child in the future. A written response and supporting documentation are required within 14 calendar days from receipt of the DHS-1184-G by the guardian(s).

Failure by the guardian(s) to provide the requested information will result in a DHS-4103-G, Juvenile Guardianship Assistance Case Closure/Overpayment Notice, being issued to the guardian(s) and commencement of the recoupment process. Recoupment will be retroactive to the date reported on the DHS-1184-G, that the child was no longer in the guardian(s) home and being supported by the guardian(s).

The DHS-4103-G notifies the guardian(s) of their right to an administrative hearing; see GDM 780- Administrative Hearings for more information.

Note: Recovery of juvenile guardianship assistance overpayments is handled by the Reconciliation and Recoupment Section in Central Office.

Recoupment Process When Eligibility Ceases to Exist

If fraud is suspected, the DHS subsidy office must make a referral to the Office of Inspector General for their investigation; see Office

of Inspector General Referral Process subsection below for process information. When a referral to the Office of Inspector General is not required, the DHS subsidy office will begin the process below.

The recoupment process for an overpayment will be immediately initiated when the DHS subsidy office is made aware that eligibility no longer exists; see GDM 745-Juvenile Guardianship Assistance Case Opening and Duration, for more information regarding eligibility criteria.

The DHS subsidy office will initiate the recoupment process by issuing the DHS-4103-G, Juvenile Guardianship Assistance Case Closure/Overpayment Notice, to the guardian(s). The DHS-4103-G must include the dates the overpayment was issued, the total amount of overpayment and a short description of the cause of the over payment. The DHS-4103-G also notifies the guardian(s) of their right to an administrative hearing; see GDM 780-Administrative Hearings for more information.

The DHS-4103-G must be mailed to the guardian(s) along with the DHS-325-AA, Debtor Repayment Agreement. The DHS-325-AA informs the guardian(s) that they have the option to make payment in full, have a reduction in their assistance (if currently receiving assistance for another child) or make monthly payments. The DHS subsidy office must upload a copy of the DHS-4103-G and the DHS-325-AA, into MiSACWIS. The guardian(s) must indicate which repayment option they have selected from the options listed above by one of the following actions:

- Send a check or money order for the entire amount due payable to the State of Michigan to the DHS Cashiers Unit, or
- Return a signed copy of the DHS-325-AA, to Reconciliation and Recoupment Section, Suite 710, PO Box 30037, Lansing MI 48909 with one of two boxes checked, either assistance reduction (only can occur if provider has an active assistance case) or manual monthly payments made payable to the State of Michigan and send to the DHS Cashiers Unit.

Note: Recovery of juvenile guardianship assistance overpayments is handled by the Reconciliation and Recoupment Unit in Central Office.

**Reconciliation and
Recoupment
Overpayment
Process**

When the DHS-325-AA, Debtor Repayment Agreement, is received by the DHS Reconciliation and Recoupment Section, the recoupment information will be entered into their unit recoupment database, as a receivable.

Whenever the guardian(s) have questions regarding how the amount of overpayment was determined, the Reconciliation and Recoupment Section will direct the guardian(s) to the DHS subsidy office. The DHS subsidy office will review the information on the DHS-4103-G with the guardian(s) and will address concerns and disputes with the guardian(s).

After the DHS subsidy office addresses any concerns or disputes with the guardian(s), the DHS subsidy office may make changes to the recoupment amount or dates for the overpayment time period. If a change is made, the DHS subsidy office will reflect this on a revised, DHS-4103-G and send an updated DHS-325-AA to the guardian(s). The DHS subsidy office may determine that the initial recoupment amount and dates were correct and will notify the Reconciliation and Recoupment Section to proceed with recoupment of funds.

If the DHS-4103-G is revised, a copy must be uploaded in MiSACWIS and copies must be sent to the Reconciliation and Recoupment Section and the guardian(s).

The Reconciliation and Recoupment Section establishes the receivable into the subsidy overpayment database, monitors for compliance of repayments based on the signed DHS-325-AA, Debtor Repayment Agreement, and assesses for delinquency in payments. Reconciliation and Recoupment Section receives notification of voluntary payments from the Cashiers Unit and adjusts guardian(s) debtor accounts accordingly to maintain the proper debtor claim balance.

Note: All phone calls or written correspondence received regarding payments will be addressed by the Reconciliation and Recoupment Section unless it is a new concern or debate of the overpayment amount.

**Attorney General
Referral**

In the event a debt due to an overpayment of juvenile guardianship assistance becomes delinquent, the debt may be referred by Reconciliation and Recoupment staff to the Attorney General's Office for further collection efforts. The Attorney General's Office will pursue collections on such claims through voluntary repayments, civil lawsuits, probation violations and seizure/garnishment on civil and criminal restitution orders.

**Office of Inspector
General's Referral**

A referral to the Office of Inspector General shall be made if fraud is suspected. The DHS subsidy office must make a referral to the Office of the Inspector General for investigation, using the DHS-834, Fraud Investigation Request.

UNDERPAYMENTS

Retroactive payments are issued to correct underpayments caused by administrative error. An underpayment occurs when the guardian is paid less than the amount of assistance they are eligible to receive. Examples of administrative errors are:

- Computer or machine errors.
- Misapplication of policy by DHS staff.
- Failure to process a change in a timely manner.

TAX IMPLICATIONS

Guardians with specific tax questions or requests for information about how guardianship assistance affects their income tax must be referred to the Internal Revenue Service (www.irs.gov) or the Michigan Department of Treasury (www.michigan.gov/treasury).

ISSUES SUBJECT TO ADMINISTRATIVE HEARINGS

The Department of Human Services has an administrative hearing process to provide for the right to contest a department decision or case action when a client believes the decision is contrary to law or DHS policy. The issues of eligibility denials, failure of the state to complete required paperwork prior to the court's appointment of the guardian, rates, case closure, and/or reduction of benefits are issues subject to administrative hearings. The guardian has the burden of proof in a hearing.

Guardianship assistance rates are negotiated, agreed to and signed by guardians by the act of signing the DHS-3313, Guardianship Assistance Agreement.

Notice Requirements

Application forms and each written notice of action taken on a case must provide applicants with information on their right to a hearing. This includes an explanation of how and where to file a hearing request and the right to be assisted by and represented by anyone chosen by the applicant.

The applicant must receive a written notice of all case actions affecting eligibility or the amount of benefits. When a case action is proposed or taken, the notice must specify:

- The action the department is taking.
- The reason(s) for the action.
- The specific manual item(s) that cites the legal basis for an action, or the regulation or law itself.
- The circumstances when assistance will continue until the hearing decision is received. If the DHS action is upheld, the payments made during the time must be repaid to the department.

Note: When title IV-E assistance cases are continued until the hearing decision the funding source must be changed to state-funded. If the hearing decision is to continue assistance the funding source must be change back to title IV-E.

Exception: There will not be a notice of case action when a hearing decision is issued. The decision serves as notice of the action.

The subsidy office must give **timely** and **adequate** notice of actions that will result in discontinuance, termination, suspension or reduction of assistance.

Adequate notice means a notice containing the information above. **Timely notice** of these actions means that the notice must be mailed at least 10 calendar days before the effective date of action by the department.

In the following circumstances, the subsidy office must send **adequate notice** to the applicant/guardian no later than the date of the action taken (immediate negative action):

- When the subsidy office has factual information confirming the death of the payee or the eligible child.
- When the subsidy office receives a written statement signed by the payee that he/she no longer wishes to receive guardianship assistance or the statement provides information which requires termination or reduction of assistance, and the payee has indicated in writing that he/she understands that the discontinuance of assistance is the result of the information.
- The payee's whereabouts are unknown and the DHS mail directed to the payee has been returned by the post office indicating no known forwarding address. The payee's check must be made available to him/her if the whereabouts become known during the payment period covered by a returned check.
- A special allowance granted for a specific time period is terminated, and the recipient has been informed in writing at the time of the initiation that the allowance shall automatically terminate at the end of the specified period.
- When the subsidy office has factual information in the form of a court order reporting that the guardianship has been terminated.

**Who May Request
an Administrative
Hearing**

Administrative hearings may be requested by an applicant for guardianship assistance or a guardian or a child who has received assistance under a guardianship assistance agreement.

A hearing request with a client signature may name an authorized hearings representative who is authorized to stand in for or represent the client in the rest of the hearing process.

See AAM 700 for detailed administrative hearing policies.
